

ACKNOWLEDGEMENTS

The present thesis entitled “**STUDIES ON SOME GENERALIZED SEQUENCE SPACES**” is an outcome of my research that I have been pursuing since August, 2012 under the esteemed supervision of Dr. Shyamal Debnath (Department of Mathematics, Tripura University). It has been proud privilege to have accomplished my research under the supervision of Dr. S. Debnath who has made valuable contribution in the subject. It gives me immense pleasure to express my heartiest sense of gratitude towards Dr. Debnath for his invaluable advice, constant encouragement and guidance without which this work would not have been possible.

I am thankful to my Doctoral Committee members for their continuous support and advice regarding my research work. I also convey my thankfulness to faculty members, fellow researchscholars and staff in the Department of Mathematics, Tripura University (A Central University) for their help on various occassions. I thank the Vice - Chancellor, Tripura University (A Central University), for providing numerous journals, books and other research facilities. I am thankful to several anonymous referees of various journals and conferences for their valuable suggestions and comments which have immensely enhanced the quality of my research. I thank all my family members, relatives, friends and colleagues for their support and encouragement. Finally it’s time to thank and pay gratitude to my parents, elders and beloved Guruji for their blessings.
