## CHAPTER I

### INTRODUCTION

1.1 Browning Reaction  
1.2 Chemistry of Maillard Reaction  
1.3 Occurrence of β-carbolines  
1.4 Effect of THBCs and β-carbolines  
1.5 Mechanism of antioxidants  

### SCOPE OF THE THESIS

31

## CHAPTER II

### MATERIALS AND METHODS

2.1 Synthesis of THBCs  
2.2 Isolation and Characterization of THBCs from food products.  
2.3 Antibacterial Activity  
2.4 Antioxidative Activity  

## CHAPTER III

### RESULTS AND DISCUSSION

3.1 Synthesis of THBCs  
3.2 Isolation and Characterization of THBCs from food products.  
3.3 Antibacterial Activity  
3.4 Antioxidative Activity  

### GENERAL CONCLUSIONS

76
