ACKNOWLEDGMENT

It is not possible to translate fully language of conscience and feelings into words. Obviously, I too have no proper words to express my gratefulness and indebtedness to my highly esteemed and worthy guide Dr. Ashok Kumar Singh, Reader, Department of Chemistry, Bipin Bihari P. G. College Jhansi. He inspired in me that spirit of dedication, precision and unbiased observation which must be the corner stone of every scientific pursuit. It is only on account of his everwilling help, untiring erudite guidance, stimulating criticism, deep personal interest and attention that this work have taken the present shape. All the achievements of this work are because of him and shortcomings, if any are entirely my own.

I wish to put on record my sincere thanks to Dr. R. S. Kushwaha reader in Chemistry Department for his encouraging support and pains-taking nature which have contributed a lot in the completion of the thesis. I wish to acknowledge my sincere thanks to Dr. K. T. Tiwari, Dr. Yogesh Pandey, Dr. Anil Kumar & Dr. Chitra Gupta for his valuable help.

I am thankful to Dr. S. N. Srivastava Principal and Head Department of Chemistry, Bipin Bihari College, Jhansi for providing the necessary laboratory and library facilities.

Earnest thanks are also due to my friends and colleagues Km. Amita Singh, Preeti Gupta, Firoz Khan, Usha Kushawaha and Namisha Mishra for their constant encouragement and inspiration throughout the completion of my thesis.
I wish to express my deep sense of gratitude to my parents and my inlaw parents for their sacrifices and the pains taken by them which facilitated my research work. My wishful thanks to wife Pooja Seth who is my entire motivator during my whole research work also I my thankful to my beloved son and other family members for their active support and encouragement during the course of study.

Finally, I would like to thank all the members of teaching and non teaching staff of Chemistry Department.
