ACKNOWLEDGEMENTS

It is my greatest privilege and extreme pleasure to express my gratitude and indebtedness to my Supervisor, Dr. A. Ramesh, Professor and Head, Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for inculcating in me the urge for research, for building up confidence in me to pursue the study, for the invaluable guidance, innovative and novel ideas, and encouragement throughout the period of this research work and for giving me an opportunity to work under his guidance.

I am extremely grateful to Dr. G. Jayaraman, Reader, Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for critically going through the manuscript and for many helpful suggestions that helped me in improving the presentation of this thesis.

I express my heartfelt thanks to my doctoral committee members Prof. Dr. N. Srinivasan, Director and Prof. Dr. S. T. Santhiya, Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, and Chennai.

I am immensely thankful to Dr. P. Govinda Reddy, Department of Anthropology, University of Madras, Chepauk, Chennai, for his valuable suggestions about ethnic populations when and where required.

My sincere thanks are due to Prof. Dr. K.N. Poonuswamy, Department of Statistics, University of Madras, Chepauk, Chennai and Dr. Anbupalam Thalamuthu, Senior Research Scientist, Human Genetics, Genome Institute of Singapore, Singapore, for helping me in carrying out the statistical analysis of the data.
I am pleased to express my thanks to Dr. C. R. Srikumari, UGC Scientist (B), Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for her invaluable support and generous help during the study.

I am thankful to all the faculty members, Prof. Dr. R. Malathi, Dr. N. Chandra, Dr. A. K. Munirajan and Dr. V. Kalavathi, Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for their constant encouragement.

I thank Mr. Thirunavukarasu, Mr. Ramachandra Das, Mr. Ester Raj Solomon and Ms. Devi, Department of Genetics, Dr. A.L.M. Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for their kind help and co-operation during my study.

I express my heartfelt thanks and gratitude to all volunteers for their willing participation and co-operation, which made this study possible.

I thank all my friends for helping me in sample collection and for their constant help and inspiration during my difficult situations and also for their loving exemplary continued co-operation and moral support during my research period.

I cherish the immense love and emotional support showered by my parents, uncles, sisters and brothers which aided me in pursuing the goals of my life.

I acknowledge the Department of Biotechnology, Government of India, for providing financial support to carry out this work.

M. VIJAYA
