ACKNOWLEDGEMENT

I feel myself much privileged to have worked under the guidance of (Late) Dr. R. SELVAM, Ph.D., D.Sc., Professor and Head, Department of Medical Biochemistry, Dr. ALM PGIBMS, University of Madras who framed and spotted this piece to the institution and who never failed to encourage me in my rudiment phase.

It is a great pleasure to express my deep sense of gratitude and indebtedness to my esteemed guide, Dr. C. PANNEERSELVAM, Ph.D., Professor, Department of Medical Biochemistry, Dr. A.L.M Post Graduate Institute of Basic Medical Sciences, University of Madras, Taramani, Chennai, for his unhesitant acceptance of my candidature in a critical moment and zealous interest given all through the study. His continuous and unflinching guidance has been the motivating force in moulding this research work towards the completion of the study.

I would like to thank Dr. P. VARALAKSHMI, M.Sc., Ph.D., Professor and Head of the Department, Dr. ALM PGIBMS, University of Madras for her generous help and kind co-operation to fulfill this research work.

My special acknowledgement goes to Dr. P. KALAISELVI, Ph.D., Lecturer, Department Medical Biochemistry, Dr. ALM PGIBMS, University of Madras, for her personal enthusiasm, unstinted help, critical comments and endless encouragement with her novel ideas, helped me a lot to shape and refine my research work.
At this moment, I sincerely thank all my Professors and my colleagues and friends, Department of Medical Biochemistry, Dr. ALM PGIBMS, University of Madras, Chennai for their myriad help throughout the period of study.

I extend my sincere thanks to Dr. D. CHANDRASEKAR, M.S., M.Ch., Former Professor and Head, Department of Urology, Stanley Medical College, Chennai for providing the clinical samples and extending their full cooperation throughout the period of study.

The help rendered by our office staff members are gratefully acknowledged.

(C. PADMAVATHI)
