ACKNOWLEDGEMENT

I take this privilege to express my esteem sense of gratitude of my chairman, Professor Harsaran Das for his obituary interest, learned guidance with love and affection throughout the study.

My sincere thanks to Dr. M. Venugopalan as member and co-guide of this study for his timely guidance and constructive criticism during my research work.

I must also acknowledge with gratitude the help rendered by Dr. U. C. Sharma, Director, all Joint Directors and Scientists of ICAR Complex, Barapani who helped me in completing this research. I sincerely thank to all members of the Division of Agricultural Extension and Sh. P. P. Pal, Scientist, ICAR Complex, Barapani for extending all possible help in conducting this study.

I sincerely acknowledge my thanks to Dr. R. N. Prasad and Dr. S. Lasker, Ex Directors, ICAR Complex, Barapani for their valuable suggestions and encouragements during the study period.

I will be failing my duties if I forget to extend my sincere appreciation and thanks to Dr. P. K. Thakur who extended whole hearted support to conduct this study. In addition, my sincere thanks are also due to the Principal, J. V. College, Baraut, Meerut.

vii
I take this opportunity to express my sincere thanks to Dr. Ram Bahal, Sr. Scientist, Indian Agricultural Research Institute, New Delhi for the most formidable task of statistical analysis of my research data.

My Sincere thanks are also due to all 240 respondent farmers and staff members who provided necessary information and spared their valuable time to respond the investigatory questions for this study.

It is my pleasure to thank and acknowledge the cooperation given by all my well wishers and friends who helped me during the study period.

My heart goes out to all the members of my family for their patience during this period. My sincere thanks to my wife Mrs. Indra Prakash, daughter Km. Sweta and son Avishakh for their constant encouragement, love and affection which propped and pulled me.

Lastly, my sincere thanks to all of those who helped in this study and could not find a separate mention.

(Narendra Prakash)
