Respected Madam,

I am an Assistant Professor at SSR Institute of Management & Research, Silvassa and currently going through my Ph. D work in affiliation to University of Pune under the title “A study of the Policies adopted for Women Empowerment and Entrepreneurial Avenues for Women with special reference to the Union Territory of Dadra & Nagar Haveli”.

As a part of the study, I am interviewing the WOMEN force at Dadra & Nagar Haveli, who has made a difference in their life and the life of the people in society through their Entrepreneurial and Social Instincts. This interaction would help me to prepare case studies which shall add value to my learning process.

In this series, I am glad to interact with you pertaining to your experiences & thoughts on Women Empowerment & Entrepreneurship. I would like to bring this interaction on record and hence would like your assistance with the authentication section at the bottom of this correspondence.

Looking forward to your affirmative response.

Thanks & Regards,

Rajesh Kumar Pandey
Asst. Professor & Research Scholar,
SSR IMR, Silvassa
