ACKNOWLEDGEMENT

I feel short of words to express my deepest sense of gratitude, high esteem and indebtedness to Dr. V.K. Singh reader Deptt. of Ag. Chemistry and Soil Science under Ch. Charan Singh University, Meerut, supervisor of my research work, for this inspiring scholastic and illuminating guidance, valuable constant encouragement, advice and healthy suggestions during the course of this investigation. I am also grateful to him for suggesting the problem and also for his help in critical processing of the manuscript and generous gift of time throughout the study programme.

My sincer and heartfelt thanks are also due to Dr. N.L. Sharma head and Reader, Dr. Harendra Singh Lecturar Deptt. of Ag. Chemistry and Soil Science for their encouragement and valuable suggestions during the course of this investigation. I am also thankful to Dr. M.S. Tyagi and Dr. T.D. Sharma Deptt. of Ag. Extension for his help and suggestions during the period.

I am grateful to Dr. B.P. Singh principal of Amar Singh (P.G.) College, lakhaoti, who has been kind enough to provide me all possible help and facilities that I need during the course of my P.H.D. programme.

I am also thankful to Dr. D.P. Singh, Add. Chief Eng. in water and Power Consultancy Services India, for providing the facilities in collection and processing of the soil samples for my study.
I wish to record my deepest sense of gratitude to Dr. Ranbir Singh Scientist, Deptt. of Agronomy, Indian Agriculture Research Institute, New Delhi, for constant encouragement during this study programme.

I am also thankful to my elder brother's Chaudhary Chandravir Singh, Surendra Pal Singh, Yogendra Singh, Dalal, Jitendra Singh and other family members for their immeasurable love and persistent affection throughout my life.

Finally, I expend my sincere thanks and greatfulness to my friends and other relatives for their encouragment and suggestion during the preparation of the manuscript in this forms.

(Birendra Singh Chaudhary)
