Acknowledgements

Words fail to express my deep sense of gratitude and respect for my supervisor Dr. Navin Khanna for his exemplary guidance, productive scientific discussions, sincere concern, cooperation, immense encouragement, treasured managerial skills, valuable criticism, and invaluable support. I owe my sincere thanks to him for understanding and patiently motivating me in all my endeavors.

I am thankful to the director, Prof. V. S. Chauhan for providing help in all respects.

I express my sincere gratitude to Dr. S. Swaminathan who encouraged me to achieve a good degree of perfection in the analysis through his valuable suggestions.

I extend my thanks to Dr. A. Ranganathan who helped me in computer modelling and always had solutions to my computer related problems.

I wish to thank Ms Narayanan, chief administrator, ICGEB, New Delhi, for her help and encouragement.

I would like to thank all the people in ICGEB administration for their quick and cordial help.

I would also like to express my heartfelt gratitude to Prof. R.N.K Bamezai, Dr. Mohammad Hossein Sanati, Dr. Mehdi Arbabi and Dr. Amir Mousavi for their constant help and support.

I wish to acknowledge Dr. Dinesh Gupta for providing me Bioinformatics facility.

I also thank all the faculty members of the center for all their help and valuable suggestions from time to time.

My special thanks to my friends Saima, Gaurav and Rajendra who were always, Himani, Sidharth, Anand, Smita, Suchita, Alka, Menaka, Geetaram, Rajesh, Sekhar, Kris there to help whenever needed.

I will always cherish the cordiality of all my seniors and lab mates, Deepti, Meghna, Poornima, Asma, Mitali, Talha and Jatin for making research enjoyable.

I would also like to thanks to all my batchmates cheerful support and help whenever needed.
I am very indebted to Ms. Gita Prakash, Ms. Richa Arya, Ms. Susan Vincent, Ms. Giorgia Danelon, Ms. Tina Dias, Ms. Pratibha Chaturvedi and Mr. Sovan Singh for their valuable guidance and timely help.

I would also like to thank Dr. Chandramouli, Ashok Das and Rakesh for providing me animal house facilities.

My special thanks to Joginder who was always there to help whenever needed.

Special thanks to ICGEB, Trieste, Italy for providing me the opportunity to carry out the PhD programme and for their research fellowship.

The financial support provided by UN is duly acknowledged.

No words can suffice to express my love and gratitude to dear companion of my life, Katayoon for her immense encouragement, understanding and moral support at every stage. I gratefully acknowledge her parents for their constant encouragement, understanding, love, care, affection and support.

Last but not the least, I am grateful for the inexhaustible patience, blessings, sacrifices, immense encouragement, guidance, love, care, affection, sincere advice, motivations, and invaluable emotional support extended by my parents and family.

There are many people behind the scene whom I could not acknowledge here because of the space constraints but whose support and help was crucial for the success of my research work. My sincere gratitude goes to all of them.

Above all, to God Almighty for giving me strength and courage all these years and taking care of all my needs.

Behzad Etemad
