ACKNOWLEDGEMENT

It gives me great pleasure to express my heartfelt gratitude to my revered guide, Dr. A. Namasivayam, Professor and Head, Department of Physiology for his continued support, encouragement and able guidance with which this work would not have been a success.

I am also indebted to Dr. N. Suthanthirarajan for the advice and helpful suggestions rendered during the course of this work.

I am very grateful to Dr. Mohana Krishnaswamy, chairman, Krishnaswamy Associates Pvt. Ltd., Madras - 41, and Dr. A. B. Kundu, Director-in-charge, Captain Srinivas Murti Drug Research Institute for Ayurveda, Arumbakkam, Madras - 106, for the kind donation of Plumbagin and animals required for this study.

I acknowledge the services done by ARMA Clinical Laboratories, Adyar, Madras - 20, for the execution of electrophoretic analysis of specimen samples of serum proteins.
My sincere thanks are due to Miss. N.Geetha, M.Sc., for her invaluable assistance during my experiments.

I would also like to place on record my profound gratitude towards Miss M.T.Rajasree, Mrs. P.J.Sasi Revathy, Miss N.S.Sayeeda and Mr. K.Prabhakaran as well as my M.Phil class mates, Mrs. R.Sheela Devi and Mrs. R.Farida and the Research Scholars of the Department of Physiology whose help and encouragement urged me through the completion of my dissertation.

M.TAMIL SELVI.
