ACKNOWLEDGEMENT

It is with great pleasure, I express my deep sense of gratitude to Dr. M. Michael Arulkhas, M.Sc., M.Phil., Ph.D., Lecturer, Department of Endocrinology, Dr. ALMPG Institute of Basic Medical Sciences, University of Madras, Taramani, Madras-600 113, for suggesting the problem and providing able guidance, with continuous encouragement. He has been a source of inspiration for selecting this problem. I could always count upon his unfailing help, constructive criticism, brotherly affection and instant provision of all requirements during the course of study.

I express my whole hearted thanks to Dr. P. Govindarajulu, M.Sc., Ph.D., F.I.C.S., F.R.E.S., (Lond.), F.A.S.I. Director, Dr. ALMPG Institute of Basic Medical Sciences, University of Madras, and Professor and Head, Department of Endocrinology for giving me an opportunity to undergo M.Phil. course in Endocrinology, providing all facilities, sustained encouragement and constructive criticism throughout the course of my study.

I also extend my sincere thanks to Dr. K. Balasubramanian M.Sc., M.Phil, Ph.D., Dr. N. Srinivasan Lecturers and Dr. J. Arunakaran M.Sc., M.Phil., Ph.D., Technical Assistant, Department of Endocrinology, for their
continuous help and encouragement at various levels of my career in completing the task.

My sincere thanks are also due to Mr. F. Felicis Antony, Mr. R. C. Rajan Udhayakumar, Mr. K. J. Sha Navas Khan and Mr. R. R. Manimaran, Research Scholars, Department of Endocrinology, for their timely helps at various stages of this work.

I am also thankful to all my friends and colleagues who helped me at various stages of this programme.

My thanks are also due to Mr. S. Dawood for his help in the present study.
