ACKNOWLEDGEMENT

First and foremost I would like to pay my heartfelt gratitude to the Almighty for his blessings on my family and me. Doctoral work is a journey influenced by many people who have their role in one or the other way. I would thank God for bestowing me with such loving, caring and supporting parents, teachers, and friends who made this journey of research a memorable experience for the life time.

I would like to express my sincere gratitude to my guide and advisor, Dr. SubbaRao V. Madhunapantula, Professor of Cellular and Molecular Biology, Center of Excellence in Molecular Biology and Regenerative Medicine (CEMR), JSS Medical College, Jagadguru Sri Shivarathreeshwara University, Mysuru and the Leader, Special Interest Group in Cancer Biology and Cancer Stem Cells (SIG-CBCSC) of Jagadguru Sri Shivarathreeshwara University, Mysuru for his guidance, support, never ending encouragement and critical appraisal throughout my doctoral work. The successful completion of this thesis is because of his dynamic guidance, vision, motivation, moral support and understanding. It was a great privilege and honor to be associated with him.

I also extend my sincere thanks to Dr. S. Suriyanarayanan, Department of Water and Health, Jagadguru Sri Shivarathreeshwara University, Mysuru for his very supportive nature. He helped me to come up with the thesis topic and guided me throughout the work. I would like to acknowledge my doctoral committee member, Dr. K. M. Ramkumar, Associate Professor, SRM Research Institute, SRM University, Kattankulatur, Tamil Nadu for his guidance and support through my Ph.D. training. I wholeheartedly thank Dr. Ramkumar for providing me the required research facilities at SRM research Institute to conduct some of the experiments proposed in my research work.

I thank His Holiness Sri Shivarathri Desikendra Swamiji, the head of JSS Mahavidhyapeeta Institutions for making me a part of Jagadguru Sri Shivarathreeshwara University. My sincere thanks to the Dr. B. Suresh Vice Chancellor and Dr. B. Manjunatha, Registrar, Dr. P. A. Kushalappa, Director Academics, Dr. Vijayasimha, Controller of Examinations of Jagadguru Sri Shivarathreeshwara University, Mysuru for providing necessary infrastructure.

I owe my heartfelt thanks and regards to Dr. S. Balasubramanian, Dean and Director Research, Faculty of life Sciences, Jagadguru Sri Shivarathreeshwara University, Mysuru for his valuable advice, support and encouragement during the period of my research.

I am also thankful to G. K. Chandrashekarappa, Chairman, Faculty of life Science at Jagadguru Sri Shivarathreeshwara University for his support. I express my deep sense of gratitude to Dr. Dattatri Nagesha, Head of the Faculty of Life sciences who has provided invaluable guidance, suggestion and constant appreciation which helped me to successfully conclude this research work.

I am thankful to Dr. M. K. Jayanthi, Department for Pharmacology, JSS medical college for providing permission to carry out animal experiments in the central animal facility. I also thank Dr. Suresh, Professor of Pharmacology for his valuable guidance and support during animal experiments.

I gratefully acknowledge all the members of Faculty of Life Sciences and my colleagues from the Department of Water and Health, Department of Biochemistry for their support, concern, and help.
I would like to say a special thanks to Mr. Magesh S. B, Mr. Sireesh Dornadula and Dr. Sangeetha V for their valuable support.

This work would not have been possible without the assistance of lab members, in particular, Mrs. Vanajakshi, Lab assistant, Department of Water and Health, FLS, and Mr. Arjun H. M and Mr. Rajgopal J. R for their hard work in maintaining the animal house and helping me during my animal experiments.

I am indebted to my parents for their blessings, love, affection, care, guidance, positive criticism and sacrifices which have made me rise in my academic ladder up to doctoral level. I am thankful to my mother for her guidance and patience in motivating me through the ups and downs during the whole task. I want to pay a very special thanks to my sister Priyanka for her unconditional love and support.
