Acknowledgement

It is a moment of gratification and pride to look back with a sense of contentment at the long traveled path, to be able to recapture some of the fine moments, to be able to thank infinite number of people, some who were with me from the beginning, some who joined me at some stage during the journey, whose kindness, love and blessings has brought me to this day. I wish to thank each one of them with all my heart.

With deep gratitude and humbleness, I take this opportunity to express my sincere thanks to my respected teacher Dr. Chandrakant S. Magdum, Principal, Professor and Head Department of pharmaceutical chemistry, Rajarambapu college of pharmacy, Kasegaon, under whose able guidance, direction, encouragement and supervision, I am able to complete the present dissertation.

I am immensely thankful to our Principal, Prof. D. D. Chougule, Appasabeb Birnale College of Pharmacy, Sangli, for his constant encouragement and providing all the facilities required for my dissertation work.

I also convey my heartfelt gratitude to Mr. Babanrao A. Birnale, Chairman, Shri. Vasantrao Banduji Patil Trust, Sangli, for providing infrastructure and all facilities required to carry out my research work successfully.

I am extremely thankful to Dr. (Mrs.) Nilofer S. Naikwade, Vice-principal and Head Department of pharmacology, for giving excellent guidance, unbated inspiration. Her support helped me a lot workout with pharmacological study specially during Antidiabetic activity.

I am extremely thankful to Dr. Manish S. Kondawar, Head Department of Quality assurance, for his guidance and timely help specially during Phytochemical work.

I offer my sincere thanks to Dr. Rohit Shah, Professor & Head Department of pharmaceutics for his valuable guidance and useful suggestions during the progress of my study and during writing of my thesis.
I also take this opportunity to express my sincere thanks to prof. S.A.Tamboli, H.O.D. (Diploma) Appasabeb Birnale College of pharmacy Sangli as well as Ruikar madam, for their kind co-operation and support in carrying out my work.

I express my heartful thanks to Dr. Sathe Sir, for timely and generous help during pharmacognostical evaluation part.

I express my sincere thanks to Dr. S.S. Patil, Dr. S.K. Mohite, K.B. Burade for their excellent guidance and dedicated efforts that enabled me to think upon and understand problems and solve them judiciously and they were a constant source of inspiration to me.

It is impossible to forget the stimulating best wishes of my colleagues, Mrs. P.L. Ladda, Shri. D.S. Ghodake, Shri. S.B. Patil, Amit, Krishna, Vishvesh, Tabbasum, Dongre.

I shall be failing in my duties if I do not thank my friends Dr. Sunil, Pritam, Siddhart, Pramod and Yogesh for their amicable and constant encouragement during my dissertation work.

My sincere and humble thanks to all my friends who were involved directly or indirectly in extending good wishes for completion of my course.

I express my a very special thanks to our librarian Shri. B.B. Chougule for providing facilities and support during the course of study. I am equally thankful to all the non-teaching staff especially J.A. Tamboli, S.J. Shirote, D.L. Patil, Bacchu, Vinod, Sachin and Mali for help and co-operation.

I am thankful to Central Council for Research in Ayurveda and Siddha, department of Ayush for their partial financial support to my research work.

I express my deep gratitude towards Anchrom Lab. Mumbai. For help and support during HPTLC work of my thesis.
I am thankful to Dr.(Mrs.) A. V. Arvindekar and Varsha, Department of Biochemistry, Shivaji University Kolhapur, for their help during the study of alpha-glucosidase inhibitory activity.

I express my thanks to the most respectable and invaluable people in the world, my love to my parents and my family for their continuous encouragement and backing, I feel a deep sense of gratitude for my Father and Mother who formed part of my vision and taught me the good things that really matter in life. They always provided a persistent inspiration for my journey in this life.

My utmost gratitude goes to my wife Rupali and my son Ved who provided me with the needed support to accomplish this goal and joyful dimension to my life mission.

It is my privilege to express my heartfelt thanks to my beloved Sisters for their love, affection, continuous encouragement, co-operation and support that made me come to this stage.

At last but not the least I thank God for giving courage and blessings to achieve the success.

Kiran Wadkar.
