List of Tables

Table No.   Table

1:1  Mean monthly temperature at Chatra (Lilajan basin)
1:2  Correlation between pressure and temperature variation at chatra- (Lilajan basin)
1:3  Mean wind velocity at chatra (Lilajan basin)
1:4  Mean relative humidity and highest maximum and lowest minimum temperatures at chatra (Lilajan basin)
2:1  Geological Formation in Lilajan basin
3:1  Altitudinal Zones of Lilajan by Frequency distribution
3:2  Distribution of relative relief categories in Lilajan basin
3:3  Correlation between relative relief and absolute relief over Lilajan basin
3:4  Distribution of dissoction Index values over Lilajan basin
3:5  Correlation between dissetion Index and Absolute relief over Lilajan basin
4:1  A real distribution on drainage density over Lilajan basin
4:2  Correlation between drainage density and Absolute relief over Lilajan basin
4:3  A real distribution of drainage basin over Lilajan basin
4:4  Correlation between relief over-Lilajan basin
5:1  Slope area relationship in Lilajan basin
5:2  Correlation between average slop and Absolute relief over Lilajan basin
Order-wise frequency of steam in selected drainage basin over Lilajean basin

Bifurcation ratio and weight mean of bifurcation ratio in simple drainage basin over Lilajean basin

Order wise mean stream length in Sample drainage basin over Lilajean basin

Region-wise morphometric analysis (Fig. in %)
