The research work embodied in this thesis entitled "Thermodynamic and Transport Properties of Some Amino Acids in Aqueous Solutions of Saccharides" has been accomplished in the Department of Chemistry, University of Jammu, Jammu under the guidance and keen directions of Prof. R. K. Bamezai, Department of Chemistry, University of Jammu, Jammu. The extent of information derived from literature has been incorporated in the thesis at appropriate places with the sources of information. The work is original and has not been submitted either in part or full for any other degree or diploma in this or any other University/Institute.

I owe a great debt of gratitude to my supervisor, Prof. R. K. Bamezai, for his expert guidance, keen interest, valuable suggestions, inspiring encouragement and constructive criticism throughout the course of this work.
