ACKNOWLEDGEMENT

It is extremely difficult to phrase my sincere thanks to Dr. N.L. Sharma Head, Department of Agricultural Chemistry and Soil Science, Amar Singh (P.G.) College Lakhaoti District Bulandshahr for their inspiring attitude, encouragement, advice, untiring help, critical perusal and been interest in going through this manuscript. Indeed, it is a matter of great pride for me that this work took root and grew to its present form under the shadow of dynamic and magnetic personalities of Dr. N.L. Sharma. Their tireless zeal to teach and impart knowledge can not be expressed in words.

I am sincerely obliged and indebted to Dr. Bhoopal Sigh Principal Amar Singh (P.G.) College Lakhaoti for his kind cooperation for facilities provided by him during this study. I am also highly obliged to Dr. V.K. Singh, Reader and Dr. Harander Singh Lecturer in the Department for their valuable suggestions and healthy comments.

I am also grateful to Dr. S.C. Tyagi, Deputy Commissioner Fertilizer (Retard) Department of Agriculture and Co-operation Ministry of Agriculture New Delhi for his critical and helpful vastly improved due to his constructive comments and ample discussion.

I am specially thankful to Dr. B.S. Balyan Assistant, Agriculture Research Officer at ATC Sumer Pur Rajasthan who has always extended full Co-operation and help during the course of investigation.

I am highly grateful to my parents, sister Sangeeta and Vinita for their moral support and valuable help.

I will be failing in my duty if I do not make the special mention of my wife Mrs. Anjali for her patience, sacrifice and constant encouragement during the course of study.

Thanks are due to Mr. Days Shankar, Kanwar Pal and Maninder Singh for type setting the manuscript so nicely.

(SANJEEV KUMAR CHAUDHARY)
