TABLES

Chapter-1
Table 1.1 Application areas of embedded system 8
Table 1.2 Available MSP430 microcontrollers 14
Table 1.3 Pin designation of MSP430F149 19
Table 1.4 Description of status register bits 28
Table 1.5 Source/Destination Operand Addressing Modes 30
Table 1.6 Double Operand Instructions 33
Table 1.7 Single Operand Instructions 34
Table 1.8 Jump Instructions 35

Chapter-3
Table 3.1 Power supply voltage set resistor 67
Table 3.2 Program for data acquisition along with ISR 84

Chapter-4
Table 4.1 Final concentrations of PNP solution used to fill microplate 97
Table 4.2 Absorbance readings using spectrophotometer (low concentrations) 98
Table 4.3 Absorbance readings using spectrophotometer (high concentrations) 99
Table 4.4 Microplate with different concentrations in μM 105
Table 4.5 Absorbance readings for microplate 105
Table 4.6 Absorbance data for 150 μL 106
Table 4.7 Absorbance data for 250 μL 107
