Acknowledgements

First of all I bow my head in reverence to the almighty God, the creator of all, for giving me mental, moral and spiritual strength to take up the onerous task of research work.

It is indeed a matter of great pleasure to have an opportunity to give vent to my feeling of gratitude to the people without whose help this work would not have crystallized.

Though my endeavour it has been my destined good fortune to have Dr. Shrikrishna P. Yawale, Deptt. of Physics, Govt. Vidarbha Institute of Science and Humanities, Amravati, as my guide whose affection and enthusiasm, constant guidance and confidence in me propelled me to work harder. His style of guidance will always help me in my future endeavours of this work. I feel immensely indebted to him, for his inspiring guidance and meticulous supervision during the progress of entire work. The combination of technical talent and scientific understanding of him, is a treasure that has contributed greatly to the quality of this research work.

I wish to express my deepest sense of gratitude to Dr. Mrs. Sangita S. Yawale, Deptt. of Physics, Govt. Vidarbha Institute of Science and Humanities, Amravati, for her keen interest in the work, untiring help rendered in the preparation of glasses, calculations in the thesis and useful suggestions from time to time. Also it is my privilege to record my sincere thanks to kids Deepika and Sanika Yawale for the patience shown by bearing and time visits, disturbance and inconvenience with smiling faces.

It is incumbent upon me to express my profound sense of gratitude to respected Prof. V. L. Naphade, Govt. Vidarbha Institute of Science and Humanities, Amravati, for their constant encouragement and moral support towards completing this work.

I would like to express my gratitude to respected Shri. Shankarraodada Sherkar, Ex-President Vinkar Shikshan Sanstha, Achalpur for granting me permission to complete this work.
I wish to express my deepest sense of gratitude to Shri. Pralhad Keshorao Deshmukh, Ex. Principal, Jagdamba Mahavidyalaya, Achalpur for their constant encouragement and help during progress of this work. I also wish to express my sincere thanks to all members of Local Managing Committee of my College.

I would like to extend my gratitude to the then Principal, Smt. V. S. Dabir and Ex-Directors Dr. V. S. Soitkar, Dr. S. N. Jajoo, Prof. A. N. Ambhore, Prof. S. W. Pranjale, Prof. H. T. Thorat, Prof. M. R. Patil and the present Director, Dr. Mrs. M. V. Shiralkar and present Head Dr. (Mrs.) S. A. Ghosh, Govt. Vidarbha Institute of Science and Humanities, Amravati, for granting permission to carry out this work and providing laboratory facilities.

I gratefully acknowledge the assistance rendered by Dr. Ajay Gupta, Director, Inter University Consortium, Department of Atomic Energy Facilities, Indore and Dr. Alok Banarjee, Head, Magnetism Laboratory, IUC, DAE, Indore for their valuable guidance regarding dielectric studies and Dr. Lalla, for providing X-ray spectra of glass samples.

I also acknowledge my sincere thanks to Director, Regional Sophisticated Instrumentation Centre, IIT, Chennai for providing F.T.I.R. and DSC spectra of glasses.

I also place on record my deep sense of appreciation to my friends especially, Dr. W. J. Gawande, Prof. S. M. Yenorkar, Prof. S. A. Waghule and Prof. A. V. Kohale, Govt. Vidarbha Institute of Science and Humanities, Amravati, Dr. D. S. Dhote, Brijalal Biyani Mahavidyalaya, Amravati, Dr. S. B. Sawarkar, Shivaji Science College, Chikhali, Dr. S. G. Motke, Principal, Phulsingh Naik College, Pusad, Dr. G. T. Lamdhade, Science College, Balapur, Prof. V. R. Bhave, R. A. College, Washim, Prof. C. S. Ulihe, Y.C. College, Mangrulpur, Prof. V. K. Sewane, Jagdamba Mahavidyalaya, Achalpur, Prof. W. S. Barade, J.D. Patil Sangludkar Mahavidyalaya, Daryapur, Prof. Y. B. Gandole, Adarsha Science College, Dhamangaon Rly, Prof. J. B. Thakare, S.S.K.R. Innani Mahavidyalaya, Karanja (Lad) and Prof. M. A. Giri, Gramin Mahavidyalaya, Mukhed, for their support, encouragement and kind cooperation during the research work. I also express my thanks to Mr. Murlidhar Rajguru for his cooperation.
In many different ways my colleagues Prof. Arun Mehare, Head, Deptt. of Mathematics, Dr. P. V. Saodekar, Principal and Head, Deptt. of Physics and Prof. R. G. Bhangale, Prof. D. B. Thombre and other teaching staff members and non-teaching staff members of my college has contributed to the fulfillment of my objectives. I gratefully acknowledge their help.

My special thanks are due to Mr. Narendra Pakade, for his useful help from time to time.

One is hard process for some way to thinking someone very close. It seems one use the choices of words to measure the boundless love and fireless sacrifice of someone. I find no such measure adequate to quantify all that my parents Shri. Tukaram Kharche and Sau. Dwarka Kharche and brother have done for me throughout my educational carrier.

I am deeply indebted to my father-in-law Late Damodar Ingle and Mother-in-law Smt. Usha Ingle for their love, inspiration and divine blessings.

I do not have words to thank my better half Mrs. Kalpana for her help at every step of this work and to my daughters Sau. Sucheta and Son-in-law Shri. P. V. Khachane, Ku. Dipali and to my son Swapnil for bearing with all sort of disturbance caused them during completion of this work.

My special thanks are due to Mr. Pravin Nerkar for his painstaking help and excellence in typing this manuscript.

My words would not have been completed without the help of many peoples, words are small trophies in expressing my gratitude to them. All I can say that they have given me "a peace, a good will, a contentment from the sky to nest".

V. T. Kharche
