I take this opportunity to offer my humble obeisance to the Almighty for His immense Grace bestowed on me and humbly pray with folded hands for His Grace to continue forever.

I would like to convey my heartfelt gratitude to my ever helpful supervisor, Dr. Sukhdev Roy, Department of Physics and Computer Science, D.E.I. for kindly consenting to be my supervisor for this research work. This thesis would not have been possible without his inspiration, constructive criticism and constant guidance. I am thankful to him for introducing me to the exciting area of bio-molecular photonics.

I am especially indebted to Prof. V.G. Das, Director, DEI, former Head, Department of Physics and Computer Science and Professor R.M. Agrawal, Head, Department of Physics and Computer Science, D.E.I. for their kind help and encouragement during my research work.

I would like to express my gratitude to Professor S. S. Bhojwani, former Director, D.E.I., Professor K. K. Dua, Dean, Faculty of Science, Professor V. P. Bhatnagar, Head, Department of Botany, Professor L.D. Khemani, Head, Department of Chemistry, Professor A. K. Sinha, Head, Department of Mathematics, Professor C.P. Nigam, Department of Physics and Computer Science, Professor Satya Prakash, former Head, Department of Chemistry, D.E.I, for their kind encouragement and inspiration during this work.

I would like to thank my teachers Professor M. L. Srivastava, Professor Satish Kumar, Dr. G. S. Tyagi, Dr. V.R. Satsangi, Dr. Preetvanti Singh, Dr. G. M. S. Srivastava, Dr. C. M. Markan and Dr. C. Vasanta Lakshmi for motivating me to pursue a research career and for their kind deliberation. I am also thankful to Mr. Vijay Dev, Dr. Sanjay Saini, Mr. Yashvir Sandhu and Mr. Agam Srivastava for their technical assistance.

I am thankful to Professor A. Penzkofer, Universität Regensburg, Germany for helpful discussions and also to Professor Ajoy K. Ghatak (Retd.), IIT Delhi, and Professor G. P. Srivastava (Retd.), Delhi University for their kind encouragement and inspiration during this work.
I am thankful to my seniors Dr. Chandra Pal Singh, Raja Ramanna Centre for Advanced Technology, Indore and Dr. Parag Sharma, National Physical Laboratory, New Delhi, for their support and discussions during my research work.

I am grateful to the Department of Science and Technology, New Delhi for supporting me through the Junior Research Fellowship during this work. I am also thankful to Council of Scientific and Industrial Research, New Delhi for awarding me the Senior Research Fellowship.

I am very thankful to my seniors, Dr. Ranjit Kumar, Dr. Rabins Porwal, Dr. Y. S. Chaudhary, Ms. Saroj Kumari and also to my friends Balram, Manaswi, Chanakya, Vrijendra, Ajay, Diwakar, Dheeraj, Rajiv, Ashok, Lotika and Mayank for their support and encouragement. I am also thankful to all those who helped me directly and indirectly during my research work.

At last but not least, my most profound gratitude goes to my family who has been the timeless source of inspiration for me to pursue a doctorate, especially my mother and younger brothers Ashish, Shalin and Shashank. I thank them for constantly supporting me over the years in pursuing this important task.

June, 2007
