Dear Sir,

A study is being planned by a Ph.D. student on disseminations of new technologies among the farmers of Raj. State recently started by the Agricultural universities towards fulfilling their role of teaching, research and extension education in the respective states.

In this connection, I would like to get some basic information from you for development of instruments for further work I shall therefore be grateful if you can kindly provide the needed information as noted below very urgently in the interest of the student completing the work within this period 1992-93.

(A) Present status

i) The date of starting the Krishi Vigyan Kendras under your control.

ii) Coverage.

iii) Extent of area of operation with respect to the total responsibility.
(B) Broad and specified objectives of the programme

(C) Organizational set up.

(D) Mode of operation.

   i) Procedure followed in planning the programme.

   ii) Procedure followed in execution of the programme.

   iii) Procedure followed in evaluation of the programme.

(E) General progress and future prospects of Development.

   The questions are relatively vaguely defined and need your free comments with a view to develop precise questionnaire for the study. I am sure you will kindly extend your helping hand in a quick and positive response.

   Thanking you.

Yours faithfully,

Dear Sir,

I, hereby, draw your kind attention to my student Mr. Subhash Chandra a Ph. D. Student in Agriculture extension who is working on research problem. A study on impact of Krishi Vigyan Kendra in transfer of new technologies on knowledge and behavioural changes among the farmers of Rajasthan state. In this connection we would like to seek you expert guidance in completing the research. We want to develop to questionnaires first one is related to the expected roles of the scientist of KVK and second one is related to the possible activities of the programmes and various constraints coming in way to make the programme more effective. You are therefore, requested to please indicate the extend of importance of the roles as well as the activities by putting a check in the appropriate column you may add, delete or modify the statement if necessary the checked set of statement may kindly be sent to the above mentioned address at your earliest possible.

Thanking you,

Yours faithfully

P.N. KALLA
