Through the Ages many men and women born in this world without placed any landmarks in their life. Only few people are placed record in history. According to Thomas Carlyle (1795-1881) "History is the essence of inumerable biographic record of human accomplishments. In this line Dr. Selvi J Jayalalithaa placed a unbreakable record in the history of India in General and Tamilnadu in Particular.
Although the political carrier of her was a small beginning but in the later days which created a concrete and onward march in the political ladder. Not only that she had proved herself as a Challenging revolutionary women in the mindset of all the political leaders also she proved herself as a challenging revolutionary women in the minds of all the political leaders. The undaunted spirit in her which envisaged to march forward in the problematic situations and circumstances.

She has placed a record of achievement in all the spheres of administration of Tamilnadu and proved as a revolutionary woman. The typical example for the Humanistic activity of Dr.J. Jayalalithaa is “Cradle Baby System” is first introduced in India and also in Tamil Nadu during the ministry of Dr.J. Jayalalithaa.

Dr.Selvi JJayalalithaa Revolutionary lady, opened new visitors and extended the women political administration using by the Ministry of Selvi.Selvi J Jayalalithaa yet another milestone in the Ministry of Selvi J Jayalalithaa was instrumental in the extension and acceleration of the “Self-Help-Group” in a highly commendable manner, She gave prioritization to the widows in getting employment opportunities and other economic supports from Tamil Nadu Government. She also took stringent, legal measures to eradicate the female infanticide in the Southern Districts of Tamil Nadu.

She had great vision on environment safeguard and sustainable development for which Dr.Selvi J Jayalalithaa initiated the innovative measure namely called as rain water harvesting method through which we could substantially raise the ground water level. She wanted to wipe out the tears of poor hungry people. She innovatively introduced “Annadana Thittam” which provided a full satisfactory meal to 1000's of poor homeless people.

Dr.Selvi J Jayalalithaa also extended the commendable service to the dalits and schedule tribes. Dr.Selvi J Jayalalithaa opened a separate “Variam” for the schedule tribes of Tamilnadu which greatly promoted to the Socio-Eco conditions of the Schedule.Tribe inTamil Nadu.
She stressed the importance of Co-ordination and co-operation of various departments to mobilise the Government machinery in a very smooth and lucid manner, in order to achieve the National and State objective which are parallel visions for a new millennium of Dr. Abdul Kalam. Dr. Selvi J Jayalalithaa took tireless measures and efforts to the problem of Cauvery river problem which was the land mark in the field of national integration and which shows her keen interest in the welfare of agriculturist in and around the Cauvery basin.

On the other hand misguidance of the higher officials without analysing the pros and cons of the new measures and enactments and misconception of press which ended in mess and confusion. Some times it led to the criticism of press and opposition parties. She is a Unique Revolutionary woman in Commanding while introducing the schemes and measures pertaining to various departments of administration of Tamilnadu during the tenure of chief ministership. Dr. Selvi J Jayalalithaa is a very good decision maker in the crucial political circumstances. She is also unique in Character and mobilisation of Governance and also handling the State craft in the political administration of Tamil Nadu.

Above all, through her hardworking multifacuous humanistic yeomen services extended to the voiceless people of this land, which wipe out the tears of thousands of people of Tamilnadu. In future, the dedicated services of her would certainly meet the needs of marginalised and subaltern people at large. The commanding, daring spirit of Dr. J. Jayalalithaa greatly helped to achieve many schemes and measures in the administration of Tamil Nadu.

She had initiated many active steps and measures regarding the problems and miseries of Tamil people in Srilanka in the modest many challenging situations prevailed in Tamilnadu and in India. The efficient and effective innovative measures and revolutionary ideas of her brought many laurels and titles and awards from national and International, which added golden feathers in her crown. The tireless multifacuous
and multidimensional humanistic activities and attitude rendered by the Revolutionary Lady towards the neglected and less privileged people will raise her to a greater height.

Since Dr. Selvi J Jayalalithaa, being an administrator as well as a well wisher of the common people, the rank and file of Tamil Nadu justifies her reputation as a revolutionary icon. It is not just that Dr. Selvi J Jayalalithaa’s charisma attracted only the ordinary who are mostly literate and illiterate but she also won the admiration of the intellectuals belonging to all disciplines of knowledge, as well as all sides of thinking. As an administrator and as a decision maker and as the well wisher of the common people she earned the reputation as an iron lady, and often compared with Mrs. Margaret Thatcher of England and Mrs. Golda Meir of Israel. She is a unique revolutionary Woman of the Twenty-First Century being loved by all human beings.

She is hesitate to admiring people who speak chaste English, her diction and the ease with which she often uses the English language has a charm of its own. She had the opportunity to hear the audio tape of the interview the editor of the Illustrated Weekly, Pritish Nandi, had with her and her fluency of the language and command of the facts gave Nandi tough times. She has cultivated the language with meticulous care and her vast vocabulary must be due to her extensive reading. Perhaps the most important drawback in her is that she cannot suffer fools gladly. She often uses chasse and political English language for admiring all the people.

It is very difficult to get her confidence. In my opinion in this thesis she is a classic example of a person more sinned against than sinning. Ever since she came to power, the press in general has not taken kindly towards her. Maybe she was rubbed on the wrong side by some irresponsible journalists and that has hurt her much. But in reckoning she has committed the blunder of shunning the press altogether with the result that the sensitive press’ has turned unfriendly, if not hostile, to her.

It is impossible to any other woman would have become if she had to undergo the same challenges of life like Dr. Selvi J Jayalalithaa did. It is true no two lives are
similar and yet a writer could not help thinking on those lines. The way Selvi J Jayalalithaa faced the challenges in life, and that too in a male-dominated society, is worthy of record and that was the inspiration that led me to write her biography. She had done my best to put things in the right perspective without bias or prejudice and while reading the biography, if anyone gets the impression, the narration has a little slant in favour of Dr. Selvi J Jayalalithaa, than not apologetic and can say with conviction that it is my assessment of her life with the available sources so referred. In brief, Hon’ble Chief Minister Dr. Selvi J Jayalalithaa as a Revolutionary Lady of 21st century courageous in spirit, innovative in thinking, firm in decision making and Humanistic in launching the Welfare activities and also a typical role model lady of India in General and Tamil Nadu in particular.

She kissed the highest office of Tamil Nadu, toiling for the rights of Tamil people, besides struggling for the welfare of Tamil race. As she was the representative of the rank and file, she was crowned by the people of Tamil Nadu, the demise of MGR left a Vacuum. The forces that were bitterly opposed by MGR conspired to strangulate the movement of AIADMK launched by MGR, as she was as firm as the rock. The conspirator had to eat crow.

Having known the Penelope job of AIADMK Party, she adorned the General Secretary of AIADMK Party amidst sharp opposition from various leaders within the party. No lady could meet and overcome the problem and traps like Dr. Selvi J Jayalalithaa. Because of her intelligence and perseverance with sincerity, the hanging rope of her political life turned as a swing. From the life of revolutionary lady Selvi J Jayalalithaa, inspiration and guidance may be acquired by the persons particularly girls to go ahead. Most of the AIADMK Party Members are of the view that she can overcome any mighty enemies and keep the party with pride and success. So they stand by her and stretch their unconditional support. Her intelligence coupled with boldness makes them proud that she honoured the post whenever it sought her. Her gift of gab and flair of writing in many languages particularly in English brings laurel and a sense
of pride to Tamil Nadu. She crossed sword with the foes of AIADMK and came with flying colours in the long run. for the rights of states in many occasions. She raised her voice in favour of the State autonomy. The eye brows of many people rose, witnessing the strong voice of Dr.Selvi J Jayalalithaa, The embodiment of valour and courage. As she is out spoken, the transparency of her Govt is note worthy. The tears shed by Sandhya, Mother of J Jayalalithaa, who brought up her, fed a thirst for knowledge, turned to be rose water thanks to success of J Jayalalithaa. She put an end to the previous Govt, famous for kleptocracy and nepotism with her stern action that was hailed by the rank and file across the party line. To the thrown babies based on Gender bias. Her hands tied a number of cradles across Tamilnadu. What Mother Teresa did in the streets of Calcutta. It was done by her Government. Even her Mother couldn’t dream the zenith of success attained by her daughter because of her boldness. It was possible to her why because she never ran out of the battlefield even at the time of bad crisis. She leaves such an exemplary character to be acquired by the persons wishing to rise to position for humble beginning. Most of the people in Tamil Nadu witness her as an alter ego of boldness and sincerity. Her both hands are noted for charity.

Tamilnadu people repose faith heavily upon her, why because she wipes out the tear of down trodden. By distributing free bicycles to the students of Tamilnadu, mostly their parents are under poverty, Dr.Selvi J Jayalalithaa Change all schools as the dearest spot to all children. Through positive discrimination of her government such as nutritious meal, free bicycles, special supplementary exam for the failed candidates to save an academic year and the cradle baby system, people praise her as the revolutionary lady of Tamilnadu. She is instrumental in bringing silent revolution rather than violent revolution. Overcoming the gender discrimination, which is strictly adhered over many centuries, she came to the highest office of Tamilnadu, is a kind of great revolution. It was behind her in the days of hard ship except her mother and her inborn courage. But her hard work, knowledge with excellence, indomitable spirit of militancy and the intimacy with Dr.MGR crowned her as the chief minister of Tamilnadu three times.
Among the former actress of Tamilnadu, who were supposed to act in secondary heroine or in mother role not only in cinema but also in serial. She only came to a powerful place owing to her unbound love to the Tamil people and her unquestionable militancy.

As she is exemplary in various spheres, most women tend to follow and adhere style and the way of her approach. The way she struggled in politics and cinema industry, is revolutionary, because the feelings and campaigns made by Dravidian movements, particularly by E.V. Ramasamy known as Periyar against the Brahminical domination have been on rise. Inspite of not being congenial and serene atmosphere in those days. She won over the hearts of Tamil lady by virtue of her unwavering affection and uncompromised battle for the betterment of the Tamils.

Her broad knowledge in literature and her impeccable English with the unwavering support of billions of people of Tamilnadu and the world brought and honoured the crown of Chief Minister to her wisest, boldest head. So she stands as one of the great revolutionaries who changed the face of the world with their deeds and words. When the Tsunami Struck and claimed the lives of thousands of people. She made her bold presence of the visit to all the places people were taken aback, witnessing her administrative skill. Because of her cradle baby scheme. The thrown out babies got a safest heaven, which turned the sympathy of the world towards the girls’ baby abandoned, owing to humiliation.

In the era of Globalisation, Most of the goverments bye pass the people welfare schemes due to pressure of external agencies, Such as world bank and Imf, As such in tamilnadu puratchi thalaivi Dr.Selvi J Jayalalithaa introduced and attributed a host of people welfare Scemes such as offering mixie, fan Grinder, and Rs.50,000 Rs.25,000 the weddings of poor girls. These schemes displayed her mettle and unsurpassed affection over the people of Tamil Madu, Economic recession and threatening of world bank couldr’s poor cold water on the shoulder of her Government, Her Government become the benevolent care silver. Selvi J Jayalalithaa honored her dromises made during the
election with out leaning a single vow. Because of her implementation people of tamilnadu are highly beneficiaries and satchel to the Government, previous Government also raised their eyebrows seeing the successful implementation of Schemes introduced by CM Selvi J Jayalalithaa Government.

Starting from cinema industry through the valuable guidance of her beloved Mother Sandhya and her best mentor Dr. MGR, Former Chief Minister of Tamil Nadu, she rose to the highest office of Tamil Nadu as the revolutionary icon with the enormous and unwavering love of Tamil Nadu people.
