ACKNOWLEDGEMENTS

I am highly indebted to Dr. T. J. Renuka Prasad, Professor in Geology, Department of Geology, Bangalore University, Bangalore for his guidance and critical suggestions from time to time, which have enlightened me with new vistas in scientific pursuit.

I remain grateful to Prof. Vajrappa, Chairman, Department of Geology, Bangalore University for his constant encouragement, for extending the laboratory and other departmental facilities required to carry out this work.

I am thankful to the Prof. B C Prabhakar, Prof. N Shadakshara Swamy, Prof. T S Suresh, Prof. K L Narahari Rao (Retired), Dr. P.C. Nagesh, Prof. Malarkodi and Prof. S Channabasappa, Department of Geology, Bangalore University for the encouragement and support to carry out this work.

I express my sincere thanks to Dr. G S Srinivasa Reddy, Director, Karnataka State Natural Disaster Monitoring Centre (KSNDMC) for the encouragement and support to carry out this work.

I express my gratitude to the Regional Directors (Retired), CGWB, SWR, Bangalore for the guidance and good wishes.

I express my deep gratitude to Dr. K Md. Najeeb, Superintending Hydrogeologist, CGWB, SWR, Bangalore for the technical inputs and for motivating me from time to time for the completion of this study. I express my special thanks to Sri K. R. Sooryanarayana, Scientist for the inputs he provided throughout the study period. Special thanks are also due to Sri H. P. Jayaprakash, Scientist for the technical support and computer assistance in finalizing various maps.
The assistance rendered by Sri G.S. Chandan, Sri B.N.Krishna Murthy, Sri Jagadeesh Kattimani, Research Scholars, Sri V. Nandish, and Sri Shridhara, GIS Analyst is gratefully acknowledged. Thanks are also due to Dr. H.V. Shashibhushan Kumar for his technical inputs regarding GIS.

I am thankful to Dr. V S Prakash, Special Director (Retd.), Director, Karnataka State Natural Disaster Monitoring Centre (KSNDMC) for the encouragement and support to carry out this work.

I am thankful to Dr. Shivakumar Naik Lal, Sri Prasad Garag, Project Scientists Karnataka State Natural Disaster Monitoring Centre (KSNDMC) for the technical inputs regarding GIS and also S Jagadeesh, Abhinay K K, Santhosh Kumar R, Eswar S, Dr. Rashmi B N, Ms Baby and Hemanth J for the support to carry out this work.

I am thankful to the Sri A Janakiraman, Sri Kulkarni Tejas, Sri S Vignesh Prabhu, Ms G Premasri and Sri M S Bharani Kumar of Integrated B E Students from Bharathidasan University, Tamil Nadu for their support in Geological, Geomorphology, LU/LC and Geophysical field work and support to carry out this work.

I express my sincere thanks to Geological Survey of India, Department of Mines and Geology, IMD, BBMP, BMRDA, KSPCB, District Statistical Offices and Geological Society of India and various other Departments and Organisations for providing the vital data for completion of this work.

I express my sincere gratitude to the number of Bangalore Rural and Magadi peoples in who have come forward to provide me important inputs about Geological, Geomorphology, LU/LC, Well Inventory and Geophysical field work help in their respective localities. Meaningful interaction with them was immensely useful for this work.
Thanks are also due to my family members who have supported and extended all the help needed in the home front at the time of my research activities.

I thank one and all, who have directly or indirectly helped me in this work.

(RAMESH L DIKPAL)
