Acknowledgements

First and foremost, I express my sincere gratitude and special appreciation to my research supervisor, Dr. (Sr.) K. A. Germina for her constant inspiration, affection, amazing generosity, patience and meticulous care towards me throughout this period of research. She opened the window to this wonderful world of research in mathematics to me. The stimulating discussions I had with her helped me a lot at all stages of my research.

I express my deep sense of gratitude to my respected teacher Prof. (Dr.) T. Thrivikraman, Professor Emeritus, Department of Mathematical Sciences, Kannur University, for the constant support, encouragement and personal care, throughout my studies. His affection and advices were sources of inspiration for me to progress in the right direction.

I bow my head before the memory of Prof. (Dr.) B. D. Acharya, who had introduced the basic notion for my research. His previous works and vision were the guiding lights for me during this investigation, even in his absence. With profound sense of gratitude, I remember
(Late) Prof. (Dr.) D. Balakrishnan, Founder Academic Director, Vidya Academy of Science and Technology, Thrissur, who was much more than a superior to me and initiated me to a teaching career.

I would like to express my immeasurable thanks to the patron, the principal, management, teaching faculty and non-teaching staff of Mary Matha Arts and Science College, Mananthavady for providing all possible personal and academic supports and encouragements to my research work.

I wish to express my gratitude to Prof. K. Madhusoodanan, Course Director and other teaching and non-teaching staff of the Department of Mathematical Sciences, Kannur University, Kannur for their support especially during the period of coursework for Ph. D. I express my gratitude to the staff of the University Central Library, Kannur University and the staff of Mathematics Departmental Library, Kannur University for providing enough support for my research.

I sincerely thank the officials of Kannur University for providing me timely helps, advices, suggestions and directions.

I am so happy and proud to acknowledge the support and encouragements provided by my teachers and fellow research scholars.

I would like to thank the principal, management and staff of Vidya Academy of Science and Technology for the support and encouragement they have extended to me. I am much grateful to Prof. (Dr.) S. Satheesh and my dear colleagues in the Department of Mathematics, Vidya Academy of Science and Technology, Thrissur for the care,
concerns and support they have shown to me.

I also acknowledge the personal, moral and academic support extended by Prof. (Dr.) V. N. Krishnachandran, Vice Principal, Vidya Academy of Science and Technology, Thrissur and Prof. C. N Parvathy Antharjanam, former Head of the Department of Mathematics, Vidya Academy of Science and Technology, Thrissur.

I wish to express my heartfelt thanks to Dr. Johan Kok, my co-researcher from South Africa, for the immense moral and academic support he had given to me.

I am thankful to my beloved father and brother for their encouragement and support. I wish to acknowledge the great emotional, moral and intellectual support provided by my wife Chithra. Without her, my studies would have been much difficult.
