ACKNOWLEDGEMENTS

I wish to express my sincere gratitude towards my research supervisor Dr. A. Srinivasa Rao, Vice president, GVK Bio sciences Pvt Ltd, whose knowledge and vast experience has inspired me at every stage of my tenure and helped me to grow as a chemist, as well as a good researcher.

I am extremely grateful to Dr. V. Himabindu, Associate Professor & Head, Center for environment, JNTU Hyderabad, for her co-supervision and kind support throughout the work.

I sincerely acknowledge Dr. D. Subramaniam for giving me an opportunity to explore my research career in GVK Bio sciences. I also take this opportunity to thank Dr. Balaram patro, senior vice President, GVK Biosciences Private limited.

My special thanks to Mr. C. G. Sukumar, Deputy General Manager, HR, GVK Biosciences Private limited and Mr. Chandra Bhanu, Assistant manager, HR, GVK Biosciences Private limited for their kind support.

I wish to express my due respect to my teachers T. Venkata reddy garu, V. S. N. Reddy garu, Z. P. P. H. School, Gopalapuram for their inspirational teachings on all aspects of science and life in my early educational level. I would also like to greatly acknowledge my teachers in Bachelors, Janardhan Rao, T. Srinivasa Reddy, Padmasana Reddy, Appa Rao for their excellent teaching, valuable suggestions and personal guidance. My due respect and thanks to all my teachers in masters especially, Dr. G. S. Moses, Dr. Y. Rajendra Prasad, Dr. Alankar Rao, Dr. Rama Krishna Rao for their interesting lectures.

I would like to express sincere thanks to my scientists Dr. Sri Ram, Mr. V. Ravi kumar, Dr. P. Srinivas, Mr. S. Srinivasan, Dr. Farhanullah and Dr Sharad Srikar.

I thank my best friend J. Rama Krishna Reddy and his family members, for their encouragement and moral support throughout my endeavor.

My parents, my mother Chandravathi & father Somi Reddy have been a constant source of support – emotional, moral and of course financial – during my postgraduate years, and this thesis would certainly not have existed without them.

I express my deepest affection for my sister Sujatha, brother in law Srinu, son in law Dinakar Subbi Reddy, for their support and encouragement.

I wish to express my heartfelt thanks to my wife Mrs. Bhavani for her affectionate encouragement and support from time to time. I admire my son Nagasri Prasanth Reddy for his love that relieved, refreshed and rejuvenated me to continue to take the task ahead with full strength.

My special thanks to Dr. B. Ram & Dr. B. Balram for their fruitful discussions and cheerful cooperation during the entire work.

Financial assistance and support from GVK Biosciences Private limited for doing my Ph.D work is gratefully acknowledged.

Subhakar Reddy N
