ACKNOWLEDGEMENTS

I express my sincerest gratitude to the Almighty Who showered His grace on me by giving me strength and courage to pursue this work.

I am greatly indebted to my teacher and supervisor Dr. (Mrs) Asha Juneja for valuable guidance through the course of this work and for her constant support, encouragement advice and for her patience for going through the phases of manuscript.

Sincere, thanks are extended to Dr. V. P. Bhatnagar, my teacher and Head, Department of Botany for providing facilities and encouragement. I am indebted to my teachers Dr. A. K. Bhatnagar, Dr. J. N. Srivastava and Dr. D. S. Rao for their kind cooperation and encouragement.

I am especially thankful to Professors S.P. Bhatnagar, S.S. Bhojwani and N.N. Bhandari, Department of Botany, University of Delhi for their help in collection of literature.

Discussion with Professors H.Y. Mohan Ram and S.S. Bhojwani have been rewarding in interpreting my findings for which I am extremely grateful to them.

My special thanks are due to Professor Satya Prakesh, Head Department of Chemistry for the availability of instrumental facilities extended to me.

I am particularly grateful to Mr. Shabd Kumar Srivastava for his technical assistance and to Mr. Manoj Kumar and Mr. Ram Dhani for help in field work.

Special thanks are due to Drs. Samita, Puja khare, Ameeta srivastava and Karuna Shanker and Mr. Shailesh Kumar, Miss. Shikha Juneja, Miss. Anjna Azad and others my colleagues for their several kinds of help.

I cannot express in words my gratitude to my parents Mr. & Mrs. B. B. Saxena, who constantly boosted my morale and to my sister Archana, brother Nitin and my cousin Jitu for their cooperation, encouragement and moral support althrough.

I am also grateful to Mr. Sanjiv Pratap Singh and my uncle Mr. Manish for their keen interest in going through the graphics and tabular illustrations.

Deep sense of appreciation and thanks are extended to Mr. L. K. Saraswat for typing my script.
