| iv | List of plates                                | vii |
| v  | Abbreviations                                 | viii |

### Table of Contents

**Chapter 1. Introduction**  
1.1 Urolithiasis  
1.2 Epidemiology of urolithiasis  
1.3 Types of kidney stones  
1.4 Mechanism of stone formation  
1.5 Allopathic treatment for urolithiasis  
1.6 Ayurvedic treatment for urolithiasis  
1.7 References  

**Chapter 2. Review of literature**  
2.1 Introduction  
2.2 Classification of kidney stones  
2.3 Kidney stone formation  
2.4 Molecular mechanism of stone formation  
2.5 Treatment for urolithiasis  
2.6 Herbs as an antiurolithiatic agents  
2.7 Herbal formulations for urolithiasis  
2.8 Lepidagathis genus  
2.9 References  

**Chapter 3. Aim and objectives**  
3.1 Research gap identified  
3.2 Aim  
3.3 Objectives  

**Chapter 4. Screening for bioactive plant**  
4.1 Introduction  
4.2 Candidate plants  
4.3 Experimental  
4.4 Results and discussion  
4.5 References
Chapter 5. Standardization
5.1 Introduction
5.2 Experimental
5.3 Result and discussion
5.4 References

Chapter 6. Bioactivity guided fractionation
6.1 Introduction
6.2 Fractionation of methanol extract
6.3 Vacuum liquid chromatography
6.4 Isolation of phytocompound from bioactive fraction
6.5 Antiurolithiatic study on isolated/characterized compounds
6.6 Results and discussion
6.7 Reference

Chapter 7. In vivo study
7.1 Introduction
7.2 Methods
7.3 Results and discussion

Chapter 8. Summary and conclusion

Chapter 9. Future research initiatives

Annexure 1 Research output

Annexure 2 Plant authentication certificate

Annexure 3 Ethical clearance approval letter
