ACKNOWLEDGEMENT

I wish to express my indebtedness and heartfelt gratitude to Dr. D.P. Zutshi for his constant guidance, valuable suggestions, compassionate behaviour and encouragement during the course of present investigation.

I am grateful to Dr. M.Y. Qadri, Director, Centre of Research for Development, University of Kashmir, for providing me the necessary laboratory facilities. I am also highly thankful to Principal, S.P. College, Srinagar for permitting me to work in the Hydrobiology Laboratory of the college.

My sincere thanks are due to Dr. B.A. Subla, Reader, Centre of Research for Development, University of Kashmir for his helpful attitude and sincere advice.

I owe a deep sense of gratitude to Dr. Riyaz Sadiq, DFO Research, Forest Department, Srinagar for his untiring help in statistical analysis of the data.

I am immensely pleased to acknowledge the help and co-operation received from my colleagues and friends in particular from Dr. M. Rashiduddin Kundangar at various stages.

I am highly obliged to the University Grants Commission, New Delhi and to the Government of Jammu and Kashmir,
Department of Higher Education for awarding me teacher fellowship under the Faculty Improvement Programme.

My special thanks to Mr. Ali Mohd. of U.S.I.C. for his help in analysing water samples for trace metals.

I would also like to express thanks to my nephews - Syed Jeelani, Syed Mahmood Ahmed and Syed Inayet Hussain for their help in field work.

I am deeply indebted to my parents, brothers, wife and other family members for their inspiration, understanding, co-operation, encouragement and generous help. I have to specially thank my two sons - Suhail and Zubair for their great sense of understanding inspite of the fact that they were deprived of my affection, care and guidance during the period of my involvement with research.

Last but not the least, I wish to thank Mr. Mohd. Sidiq Dar for typing out the thesis with keen interest against many odds.

(Syed Ghulam Sarwar)
