

ACKNOWLEDGEMENT

This journey would not have been interesting without the fascinating people I met along the way. I would first and foremost express my most sincere sense of gratitude to my respected guide and mentor, Dr. B.J. Lokhande, Associate Professor in Physics, Solapur University, Solapur for giving me the opportunity to carry out this research work. The trust, constant encouragement and 'the freedom to invent' that he has provided throughout the work is very much valuable. He is a rare amalgamation of knowledge, patience and kind-heart. It was really a pleasure and privilege to work under his guidance. My deep personal regards are due for him forever.

I take this opportunity to thank Prof. S. S. Suryavanshi (Director), Prof. L. P. Deshmukh and Prof. V. B. Patil of School of Physical Sciences for their support and encouragement during the research work,

I am thankful to Prof. N. N. Maldar, Vice-Chancellor, and members of the teaching and non-teaching staff of the School of Physical Sciences, Solapur University for their kind co-operation.

Special thanks go to my former colleague Dr. R. C. Ambare for his valuable help and thought provoking leisurely chats we had.

My sincere thanks to all the research colleagues of Lab of Supercapacitive Studies, Mr. R. S. Ingole, Mr. R. M. Kore, Mr. B. Y. Fugare, Ms. T. S. Ghadge and Mr. Amansingh Thakur for their cooperation and tremendous support during my research work,
