Acknowledgement

At times one is overwhelmed when one’s heart is brimmed with gratitude and appreciation. This is one such moment when I have reached almost the closure of five years of strenuous and ardours research odyssey. I try conveying briefly my appreciation and gratitude to the numerable persons without whose assistance this research work would not have been completed. To acknowledge and thank them is my solemn duty and joy. So it is this that I express briefly my debt to those who have made this research and its publication possible.

Professor Dr. Debashis Chatterjee,
Department of Chemistry, The University of Kalyani
a knowledgeable professor on his own right and great human being, who graciously agreed to supervise my research and given me his precious time and expertise in numerous of ways. His skilful guidance and wise direction, ingenious suggestions and loving encouragement at every stage of this research could hardly be captured into words. He stood by me especially when things were difficult and hard during the four years of the research.

Dr. Abhijit Mukherjee,
Department of Chemistry, IIT, Kharagpur
my co-supervisor who was always there with his expert guidance and valuable suggestions whenever I approached him. He is one of such person whose scientific temper and precision were nothing less than great. I humbly bow my head in gratitude and appreciation.

Dr. Subhamoy Bowmik, Dr. Ashis Biswas and Dr. Santanu Mazumder,
To whom I extremely grateful for their support and assistance during my hard times.

Late Mrs. Sushmita Chatterjee,
a warm and kindly person whom I always remember for her support, encouragement and hospitality.

Late Anandamohan Dey
I am thankful to my great grandfather for always inspiring me

Mr. Jishnu Adhikari,
who helped me in various way. So a special thanks is must going to him.

Mr. Tanmoy Das
I am also verymuch thankful to him for helping me whenever I need.
I am also grateful to my all lab mate- Debashri Saha, Ujjal Mandal, Sandipan Saha and Ayan Das, all the teachers of my department (specially, Prof. Mitali Sarkar, Dr. Joydeb Jana), non teaching staffs (specially, Arnab De) for their co-operation.
I am also thankful to Mr.Prabir Kr.Das (Bapi da) and Sayan Kr.Ghosh(Bhola) for their co-operation both in field-work and outside.

The People of Chakudanga, Sahishpur, Debagram, Chhoto-Itna and Kamgachhi of Nadia, West Bengal

who cooperated with me and made available their resources during my fieldwork at their respective villages.

Mr. Alok Kr Kundu and Mrs. Subhra Kundu,
my loving parents without whose support and assistance I would have never undertaken my studies and research.

Mrs. Arpita Kundu, Mr. Partha Sarathi Kundu
I am also very much thankful to my loving elder sister and her husband and their loving child “Pranay”

Suparna Das
a special thanks goes to my wife Suparna Das. Without her inspiration I could not be able to achieve this point in my life.

Apart from these above mentioned persons, there are numerous others, my friends and who in overt and covert ways extended their cooperation, assistance or suggestions. To them all I express my profound gratitude and sincere appreciation. Without them, I could hardly imagine how this research project could have been undertaken and bring it to its fruition. Words are limited means to express to thank them all and my heart looks forward for ways I could offer my gratitude and appreciation.

Amit Kumar Kundu
Department of Chemistry
University of Kalyani
