

## ACKNOWLEDGEMENTS

In the first place, I pay my respects to The Almighty.

I express profound sense of gratitude to Dr. B.L. Kushwaha, Reader and Head, Department of Agronomy, R.M.P. (P.G.) College, Gurukul-Narsan, Harwar (Uttaranchal), for his talented guidance, valuable suggestion and courtesy in solving the intricate problems in the present experiments.

I sincerely thank Dr. I.P.S. Ahlawat, Senior Scientist, Division of Agronomy, IARI, New Delhi, for his help, advice and guidance.

I am grateful to Dr. Sukhveer Singh, Principal R.M.P. (P.G.) College, Gurukul-Narsan, Harwar and other staff members & Management committee of the college for providing all the necessary facilities.

I bow with reverence to my Grand Mother Smt. Bhagwati Devi, mother Smt. Ramwali and father Sh. Sri Niwas Sharma, who have been a great source of inspiration for my work and who have morally supported. I also extend my gratefulness to my younger Sister Smt. Krishna and her husband Sh. Ramveer, my younger brother Umesh and his wife, Harimohan for their moral support and affection. I Cherish the love affection of my niece Ku. Nidhi and nephew master Monu.

I also dehted to my maternal unelz Dr. R.P. Sharma, maternal aunt Smt. Vezna Sharma for ever timz blessing and inspiration. At the same I am also gratefull to my cousin Mayank, Smt. Bhawana and Ku. Chetana for their moral support and affection.

I must express my regards to the staff of I.A.R.I. library ( New Delhi ) and N.I.H. Roorkee for providing me the essential literature and meteorological data for my thesis.

I thank to Mr. Rajesh Jain who typed this manuscript with good understanding.

I wish to record special thanks to Sh. milind Singh, Sh. Ramniwas sharma, Mr. Gurusharan & Sh. yogender walia, for valuable suggestions and help.

Last but not the least, I have all the appreciation to my wife Smt. Szema Sharma, for inspiration and reducing the burden of house hold affairs. At the same I cherish the love affection of my daughter Ku. Gargi Sharma and my son Master Yash.
