ACKNOWLEDGEMENT

Let me first and the foremost begin with the name of OMNIPOTENT, OMNIPRESENT and OMNISCIENT for bestowing me with his divine blessings that I could carry out such a noble task of present research study. The success of any task lies in the root of effective input. The task of the present research study could not have been accomplished without my guide, Dr. A.C.PATEL’s noble guidance, constructive comments, consistent attention, strong support and enthusiasm. I heartily thank him for his invaluable suggestions, great understanding and patience to inspire me to carry out present research study.

I also express my profound sense of gratitude to Dr. G.C.Bhimanisir, Professor and Head, as well as Dean, Department of Statistics, SAURASHTRA UNIVERSITY, Dr. K.V.Gorsir, former Vice – Chancellor, K.S.K.V. Kachchh University, Bhuj, for their kind cooperation, encouragement and positive support in my research efforts.

I am also sincerely thankful to Dr. Naresh S.Karia, my husband as well as my research expert guiding me for the tool construction and statistical analysis of the data and providing me all necessary information as and when needed.

I express my deep gratitude to my parents for motivating me and providing me continuous support throughout my difficult times. They have been an immense source of strength for me. Researcher is also grateful to all for their kind cooperation during the period of data collection. Without their positive cooperation, present research study would not have materialized.
I also express my deepest gratitude to all my well wishers and friends who have directly or indirectly helped me in the successful completion of the research work.
