# **LIST OF PUBLICATION**

<b>NAME OF THE JOURNAL</b>	<b>TOPIC</b>	<b>YEAR OF PUBLICATION</b>
Assam University Journal of Science &Technology : Physical Sciences and Technology	A review on inventory models of deteriorating items with shortages	Vol.6 No.II,2010 pp 51-59
Communicated in OPSEARCH	Inventory Model for Deteriorating Items with Stock-dependent Demand, Time-varying Holding Cost and Shortages	
Assam University Journal of Science &Technology : Physical Sciences and Technology	Inventory models with two-component demand rate and nonlinear holding cost with shortages	Vol.8.2012 pp 19-33
Communicated in Yugoslav Journal of Operations Research	Two ware-house Inventory models for Deteriorating Product with ramp-type demand and Shortages.	
Communicated in European Journal of Operational Research	Inventory models with ramp-type demand for deteriorating items with partial backlogging and time-varying holding cost.	

## Workshop

<b>Workshop</b>	<b>Venue</b>	<b>Date</b>
C programming	North East Centre for Research and Development, Gauhati University	13-11-2009
Basic Statistics and Research Data Analysis	Dept. of Business Administration Assam University, Silchar	10-07-2010

## Conference:

<b>conference</b>	<b>Venue</b>	<b>year</b>
RAMSA-10	Assam University, Silchar	25-27 November, 2010
International conference of OR Presented a paper- “Inventory Model for Deteriorating Items with Stock-dependent Demand, Time-varying Holding Cost and Shortages”	Calcutta Business School, Kolkata	06-08 January, 2012
