ACKNOWLEDGEMENT

The research work bears imprints of many persons who made invaluable contributions towards its completion. First and foremost, I would like to extend my thanks to God who has always taken care of me and who gave me the opportunity to learn and the patience to finish this thesis.

I consider it a pleasure and privilege to pay regards and thanks to Dr. Amit Kumar Singh, Assistant Professor, Institute of Hotel and Tourism Management, Maharshi Dayanand University, Rohtak, who supervised this work with critical insight and intellectual acumen. Under his guidance, it always looked within my reach. His positive attitude of never giving up helped me overcome all the difficulties I faced during my research. His unwavering determination and humble and a simple nature will always inspire me and I wish to continue to work with him in future. In fact, without his critical suggestions, encouragement and co-operation, this thesis would have not touched its zenith.

I would also like to express my gratitude to Prof. Ashish Dahiya, Director, Institute of Hotel and Tourism Management, Maharishi Dayanand University, Rohtak, and all my colleagues and the administration staff for their help and co-operation during my research work. I would also like to thank all the respondents for their patience and time they spent in filling up my questionnaire for data collection which is the base of any research. I owe a sense of gratitude to the authors, whose work I have consulted for the present study and everybody who helped me in any way in the completion of the study.

I express my gratitude to my parents who motivated me to carry my research to its culmination. This work couldn't have been completed without their blessing and encouragement. I owe very special thanks to my mother and sister for their unstinted support and inspiration and for understanding the hard work involved in the research and bearing with me.

Above all, I am grateful to the almighty, without whose grace, I would not have succeeded.
