ACKNOWLEDGEMENT

At the outset, my deepest gratitude goes to beloved parents, Baby Manoharan. No matter how difficult the situations were, they always gave me unconditional love and endless support.

Foremost thanks to my guide and supervisor Dr. A.G. Murugesan, Professor and Head, Manonmaniam Sundaranar University, Sri Paramakalyani Centre of Excellence in Environmental Sciences for giving me the opportunity to study and work under his valuable guidance, with constant encouragement and discussion in completing my research work.

I wish to express my heartfelt thanks and honor to the God of Languages and Light (Surya) for giving me strength, health, wisdom and his tremendous blessings during the span of this research work.

I owe a great debt to the Defence Research & Development Organization (DRDO-GOI), Ministry of Defence, Government of India for the financial assistance in the form of a major research project sanctioned to Prof. A.G. Murugesan.

My warm thanks to Dr. G. Annadurai, Associate Professor, Dr. S. Senthil-Nathan, Assistant Professor(S), Dr. R. Soranam, Assistant Professor, Dr. M. Muralidharan, Assistant Professor, Sri Paramakalyani Centre of Excellence in Environmental Sciences, Alwarkurichi for their valuable suggestions and encouragements during the course of work.

I also wish to express my heart-felt acknowledgement to Dr. S. Emmanuel Joshua Jebasingh, Assistant Professor, Department of Biotechnology, Manonmaniam Sundarnar University for being very supportive in all ramifications and above all being a pillar for my research interest.

I am grateful to Dr. S. Sudakar, Associate Professor and Head, Department of Biotechnology, Dr. S. Uma Maheswari, Assistant Professor, Department of Biotechnology and Dr. Uthiralingam, Assistant Professor, Department of Biotechnology for encouragement during my research.
