ACKNOWLEDGEMENT

First and foremost, I would like to thank God Almighty for providing me the blessings to complete this work. I thank him for giving me such a bountiful life, for seeing me through the tough times in the past years for bestowing me with such wonderful people around. Without his grace, nothing would have been possible.

I would like to express my deep appreciation and gratitude to my guide Dr. K. Mangathayaru Professor, Department of Pharmacognosy, Faculty of Pharmacy, Sri Ramachandra Medical College & Research Institute, Porur, Chennai. I am very much indebted to her guidance, which helped me chart out the course for this thesis, for her patience in helping me through various issues, for her time, effort and knowledge, without which this thesis would not have been complete. She was not only the catalyst for my learning but also a source of inspiration and encouragement.

I wish to express my deep gratitude to my co-guide Dr. Suresh Ranga Rao Professor and Head, Department of Periodontology, Faculty of Dental Science, Sri Ramachandra Medical College & Research Institute, Porur, Chennai for his invaluable guidance, continuous encouragement and useful suggestions throughout my research work. His timely tips and confidence he built within me enabled this thesis.

I wish to express my sincere gratitude to my Research Advisory Committee member Dr. S. Niranjali Devaraj, Professor & Head, School of Life Sciences, University of Madras, Chennai for her support throughout the work. I am much indebted to her for her valuable advice and encouragement given to me.

I would like to express my gratitude to Prof. S. P. Thyagarajan, Professor of Eminence and Dean (Research), Sri Ramachandra Medical College & Research Institute, Chennai for giving me an opportunity to explore the field of research and providing me all the facilities. With reverence, I express my deep sense of gratitude to him for being a source of inspiration to me.

I am grateful to Dr. A. Gnanamani, Principal Scientist, Biological Material Laboratory, CSIR-Central Leather Research Institute, Adayar, Chennai, for her continuous support in completing my research work and organizing MALDI TOF analysis.
I am much obliged to **Dr. Alan Mathew Punnoose**, Assistant Professor in Research, Centre for Regenerative Medicine and Stem Cell Research, CRF, Sri Ramachandra Medical College & Research Institute, for his help and support.

My particular thanks go to my lab-mate **Mr. Rajasekaran**, CRF, Sri Ramachandra Medical College & Research Institute for supporting and encouraging me to work in the laboratory.

I express my sincere gratitude to **Dr. D. Chamundeeswari**, Principal, Faculty of Pharmacy, Sri Ramachandra Medical College & Research Institute, Porur, Chennai, for her constant support and encouragement during the entire course of my study.

All my mentors were always there for me through each and every step of this journey of Ph.D. research. I thank them from the bottom of my heart, for their support.

I wish to express my humble respect and gratitude to thank the University authorities, our Chancellor **Thiru. V. R. Venkatachalam, Thiru. R.V. Senguttuvan**, Pro-Chancellor, **Dr. T. K. Partha Sarathy**, Professor of Eminence and Chief Advisor, **Dr. P. V. Vijayaraghavan**, Vice-Chancellor, **Dr. J. S. N. Murthy**, Former Vice-Chancellor, **Thiru V. Swaminathan**, Registrar, **Thiru. N. Natarajan**, Special officer, **Dr. Mahesh Vakamudi**, Dean of Faculties, **Dr. K. V. Somasundaram**, Professor of Eminence and Advisor(Academic), **Dr. A. Ravikumar**, Dean (Education), **Dr. D. Prathiba**, Controller of Examinations, **Dr. Vijayalakshmi Thanasekaraan**, Former Controller of Examinations, **Thiru. T. S. Thyagarajan**, Deputy Registrar (Examinations) for providing the infrastructure, facilities, and encouragement.

I wish to thank **Mrs. Parameswari** Senior Research Fellow, **Mrs. Janani** Junior Research Fellow, Centre for Herbal and Indian Medicinal Research Laboratory (HIMRL), Central Research Facility, Sri Ramachandra Medical College & Research Institute, Chennai for their invaluable time, for their motivation and support throughout my work, and I would also like to extend my heartfelt thanks to **Ms. Preethi Jenifer**, Junior Research Fellow, Department of Pharmacy, Sri Ramachandra Medical College & Research Institute, Chennai for her continuous support throughout my research period.
Special thanks to Dr. C. D. Mohana Priya and Dr. T. Malini, Application Specialist, CRF, Sri Ramachandra Medical College & Research Institute, for guiding Real-Time PCR, Flow cytometry, and Confocal Microscopic Analysis.

I would also like to thank the Sri Ramachandra Medical College & Research Institute’s Central Library ‘Sri Ramachandra Harvard Learning Centre’ for the facilities provided during my thesis writing period.

I acknowledge and dedicate my sincere gratitude to my wife Mrs. Jayalakshmi E.T and my family members for their constant help, patience, encouragement, and blessing, which helped me to complete my research work. I am so grateful to God for providing me with the patience and resilience needed to continue my job.

Last but not least, I owe gratitude and thankfulness to those who were all involved directly or indirectly, knowingly or unknowingly for me to reach in this venture of mine.

Thank you very much, everyone!

(M.G.Dinesh)
