Acknowledgement

Knowledge is incomplete without acknowledgment. Research is not achieved merely by an individual effort. Likewise many people have helped to design, implement, apply, criticize and evangelize the work. With this I take an opportunity to thank all of them who have directly or indirectly helped me during my dissertation.

First and foremost I would like to thank All mighty for giving me this opportunity, standing beside me and guiding me in all circumstances in one or the other form may it be my parents, my inner voice, my guide, my friends and many others.

A silent worker, reserved, patient, an ocean of inspiration, guidance and encouragement is what I can call my guide Dr. Snehal S. Patel, Assistant Professor, Department of Pharmacology, Institute of Pharmacy, Nirma University. I am especially grateful for her efforts to guide me throughout my work and opening new doors of knowledge for me. I am extremely thankful to her for helping me to overcome the entire obstacle and providing me all new opportunity to improve and complete this work. This work would have been impossible without her kind support and guidance.

I would like to express my gratitude to Dr. Manjunath D. Ghate, Director, Institute of Pharmacy, Nirma University for providing the needed support and guidance. I would take the opportunity to thank Dr. Jigna S. Shah, Head of Department, Institute of Pharmacy, Nirma University for all the support, guidance, efforts and care that were provided during the course work.

I would like to thanks to all, Heads of Department and all the faculty members of Nirma University for providing me all the necessary requirements and facilities to complete analytical studies during my project work.

I would extend my special thanks to Ms. Anita K. Bakrania, PhD Scholar, for her valuable advice, most valuable time, knowledge & experiences to help me overcome the difficulty I faced during my dissertation.

I take this privilege and grateful to Hon. Prof. M. N. Navale (Founder President) and Dr. (Mrs.) Sunanda M. Navale (Founder Secretary) Sinhgad Technical Education Society, Pune
for their ever-lasting encouragement and support during my PhD work. I immensely thankful to Dr. Rajesh J. Oswal, Principal Sinhgad Institute of Pharmaceutical Sciences, Lonavala for their support, help and guidance.

I express my heart full gratitude to my Husband Prof. Satish K. Mandlik, my son Vighnanshu for constant support throughout my four years of PhD and many thanks to all my colleagues of Sinhgad Institute of Pharmaceutical sciences, Lonavala, Pune for their immense cooperation. Thank you all for being there always for me.

This acknowledgment would be incomplete without expressing my deep gratitude to my father Mr. Krushna B. Ingawale and mother Mrs. Sushila K. Ingawale for their constant inspiration, encouragement, love, care, support and faith on me, without them this research work would be incomplete. I would also thank to my brother Mr. Sandip K. Ingawale and Mrs. Sarika S. Ingawale, little Sankashti and Samarth for their love and encouragement. Their interest in my work constantly encouraged me.

I would like to pass my vote of thanks to all, whose name I have missed by unknowingly and those who are directly or indirectly contributed in completion of my work.

Date: Ms. Deepa K. Ingawale

Pharmacological evaluation of combination of plant steroids and low dose Glucocorticoid for treatment of inflammatory disorders in experimental animals
