First and foremost, it gives me immense pleasure to express my deep sense of gratitude as my research guide to Dr. T.D.Nikam, Professor, Department of Botany, University of Pune, Pune who despite his other academic and professional commitments has been a tremendous mentor for me. His wisdom, knowledge and commitment to the highest standards inspired and motivated me. I would like to thank him for encouraging my research and for allowing me to grow as a research scientist. Throughout my research work, the moral support, concern and motivation received from him through a well-balanced combination of inspiring and challenging discussions have helped me to improve my work.

I am also extremely indebted to my co guide to Dr. V. R. Gunale, Professor, Department of Botany, University of Pune, Pune for his valuable advice, constructive criticism and his extensive discussions around my work.

I am grateful to the Prof. N. R. Karmalkar, HOD, Department of Environmental Science, University of Pune, Pune and Prof. N. S. Rajurkar, former HOD, Department of Environmental Science, University of Pune, Pune for providing the necessary facilities in the department and for their encouragement.

I am also grateful to the Prof. S. S. Bhargava, HOD, Department of Botany, University of Pune, Pune and Prof. S. S. Deokule, former HOD, Department of Botany, University of Pune, Pune for providing the necessary facilities in the department and for their encouragement.

It is my pleasant duty to offer my sincere thanks to Prof. G. S. Chinchanikar, Prof. A. B. Ade, Dr. N. P. Malpathak, Dr. A. C. Kamble and Mrs. A. A. Naik.

I take this opportunity to sincerely acknowledge University of Pune, for providing financial assistance in the form of PhD stipend which buttressed me to perform my work comfortably.
I express my gratitude to the authorities and staff of Sophisticated Analytical Instrument Facility, IIT-Bombay, Powai, Mumbai and Department of Chemistry, University of Pune, Pune for analysis of various experimental samples for dye metabolites.

I would like to thank Botanical Survey of India, Pune for authentication of plant specimen and Agharkar Research Institute, Pune for authentication of the fungi.

I express my sincere thanks to the librarian and staff of the Jaykar Library Pune University, NCL Pune, Agharkar Research Institute Pune, Department of Environmental Sciences, Department of Botany, University of Pune for providing the library and internet facility for reference work. I would also like to thank non-teaching staff of Department of Botany and Department of Environmental Sciences, University of Pune, Pune for their constant help and support.

I find no words to express my deep sense of indebtedness to my colleague Dr. Mahendra Ahire, Dr. Jitendra Patil, Dr. Vikas Naikwadi, Dr. Yogesh Gayile, Dr. Savaliram Ghane, Dr. Vinayak Lokhande, Dr. Pradeep Patil, Mrs Anamika Rathi, Dr. Smita Chouhan, Dr. Kirti Nitnavre, Dr. Ravi Ghorpade, Dr. Janardhan Nehul, Dr. Ashwini Chouhan, Dr. Ayodhya Kshirsagar, Dr. Anuradha Parale for sharing with me their vast knowledge of the subject, valuable suggestions, constant encouragement, care and love at all stages of the research study and in my life.

Let me also express my thanks to my friends and colleagues Ketki Mulye, Anindita Lahiri, Shraddha Hanchate, Veera Choudhary, Maya Sontakke, Niramaya Muchate, Rohini, Ramesh Kashetti, Ganesh Nikalje, Shitija, Aswathy, Hilal and all other friends for their help and support during my research work.

It’s my fortune to gratefully acknowledge the support of my Father Mr. A. Shanmugam and Mother Mrs. Sornam Shanmugam in the form of intangible love and unbroken inspiration, encouragement. I would like to thank my beloved brother Kumar.
Shanmugam and Janardhan Shanmugam for constant source of inspiration, love and encouragement showered on me. I owe my special debt of gratitude to my would-be Mr. Roshan Manibharathi and my in-laws for their encouragement throughout this process.

Apart from the personal efforts and steadfastness to work, constant inspiration and encouragement given by a number of individuals served as the driving force enabled me to submit this thesis in the present form. Inspiration, guidance, direction, co-operation, love and care - all came my way in abundance, as it seems almost an impossible task for me in adequate terms. I am deeply privileged to evince a word of thanks to everyone who played a positive role in the completion of my Ph. D work.
