ACKNOWLEDGEMENTS

At the very outset, All Praise is to Almighty Allah, who blessed me with boundless strengths and fortitude to pass through all odds and made this work to come to completion.

In the first place I would like to record my enormous gratitude to Prof. (Hafiz) Mohd Ilyas Khan, my venerated supervisor and Chairperson of the Department, under whose supervision and guidance, I was able to complete this work. His benign guidance, painstaking supervision, irreplaceable suggestions, freedom of work and critical appreciation in carrying out of my work was mainly responsible for this accomplishment. I extend my deep sense of gratitude to my beloved teacher, Prof. Akbar Husain for his timely advice and guidance throughout this work. Working under his noble guidance, has been a great source of inspiration to me. I am also incredibly grateful for the support and assistance that the department staff has provided for the past several years and helping me to develop my background in psychology. I sincerely express my ecstatic thanks to Dr. Sabiha Baby and Dr. Mehwish Fatima.

I, gratefully, thank Dr. Sanaullah Kuchhe, HOD, Department of Radiation Oncology, SMHS Hospital, Srinagar and Prof. Shahid Ali Siddiqui, HOD, Department of Radiotherapy, Jawaharlal Nehru Medical College, AMU, Aligarh, for their cooperation in providing me the permission to get data from the cancer patients registered in these hospitals. I am also cordially thankful to all the cancer patients whose participation and dedicated cooperation made this research endeavor possible.

I also owe thanks to my dear friends Mohd Ameen Meer, Rizwan Hassan Bhat, Jahangeer Majaaazi, Shabir Ahmad Sheikh, Umer Jon Ganai, Dr. Mohd Owais Khan, Sajad Ahmad Ganaie, Faisal Ahmad Rather, Saqib Bashir, Dr. Khursheed Alam Beigh, Mohd Rafi Nayak, Dr. Mohd Amin Wani, Jawaid Ahmad Ahanger, Tufail Akhtar, Mehrajuddin Ganai, Abid Hussain Karrie, Ansarullah Tantry and Suhail Ahmad Bhat, whose presence somehow perpetually refreshed and helped me on this tough path of research and made this time memorable for me. Collective and individual acknowledgments are also owed to my Colleagues. With apologies to those not listed, I thank Armeen Khan, Sabiha, Aqleem-un-Nabi, Tabeer and Meher Naaz Dehghan for giving me such a pleasant time working together.
All the words in the wordlist will be worthless, if I fail to disclose my extreme sense of regards to my adorable parents Mr. Gh. Muhammad Kawa and Ms. Haleema Bano, for their sacrifice, prayers and blessings. Where would I be without them? I wish to acquiescence the gratefulness beyond accountability to my adorable parents whose affection and morale boosting during every phase of my life, indeed actuated me to make this chimeral expectancy true. Whatever I am today, I entirely owe it to them. No words or phrases can put forth my heartfelt love and thanks to my siblings, Jawhara Akhtar, Muneera Akhtar, Intiyaz Hussain Kawa, Abdul Hameed Kawa and Mukhtar Hussain Kawa, and my maama and maami Mohd Yousuf Darzi and Sayema Yousuf for their tender attachment and affection that heightened up my morale during the odd period of my life. Loads of love to my the little angels of my family namely, Mehreen Jaan, Aaban Ali, Faazil Ahmad Darzi and my Son Ali Muzafar Kawa, for cheering me up with their sweet smiles and angelic gestures when I was really down in my life. I love you all so much.

Words sound hollow and phrases lose their meaning, as I find myself unable to put forth my warmest love and regards to my beloved wife Ms. Jameela Qasim, for her constant encouragement, inspiration, sacrifices and untiring patience, which helped me the most during crisis ridden phase of this enormous task. She always believed that this thesis would eventuate and her support and love made it all so easier. Thank You So Much for being always there whenever I needed. I feel I am the most fortunate person to have you in my life.

Muzafar Hussain Kawa
