List of Tables

Table 1.1: District wise river, canal, khal, beel and baor and impounded water in West Bengal 7
Table 1.2: Inland Fisheries resources and utilization 8
Table 1.3: Fish production in India and the World and its percent contribution to World fish production (in mmt) 9
Table 1.4: Fish production in India and world, 1950-51 to 2009-10 10
Table 1.5: Changes in the structure of fish production in India, 1950-51 to 2009-10 (million tons) 10
Table 1.6: State/Union Territory Wise Total Fish Production 11
Table 1.7: Fish Production in West Bengal (in lakh ton) 14
Table 1.8: State/Union Territory-wise Inland Fishery Resources of India 16
Table 1.9: General categories of ponds and ownership 18
Table 1.10: Some contribution of fisheries to the Millennium Development Goals 23
Table 3.1: Profile of waterbodies in the surveyed area 45
Table 3.2: Percentage distribution of ponds by operator status 47
Table 3.3: Percent distribution of waterbodies by ownership status 48
Table 3.4: Percentage distribution of waterbodies by culture status 50
Table 3.5: Culture status of waterbodies by type of ownership 52
Table 3.6: Production as per the different culture status 54
Table 4.1: Number and Location of Surveyed Households 57
Table 4.2: Age distribution of farmers 58
Table 4.3: Education level of Household Heads 59
Table 4.4: Level of literacy in Household level 61
Table 4.5: Landholding pattern of the farmer groups 62
Table 4.6: Land ownership pattern (percentage) 64
Table 4.7: Information recipient by types of farmers 65
Table 4.8: House types of Farmers 67
Table 4.9: Household assets by farming systems (percentage of households keeping the asset) 69
Table 4.10: Household animals by farming systems (percentage of households keeping the animal) 70
Table 4.11: Primary occupation of households heads (percentage) 73
Table 4.12: Secondary occupation of households heads (percentage) 75
Table 4.13: Average on-farm & off-farm income per Household per annum (Rs.) 76
Table 4.14: Contribution of farm components to the on-farm income (percent share to total) 77
Table 4.15: Average household expenses per annum 78
Table 4.16: Frequency of fish consumption and source of fish (household wise) 79
Table 5.1: Details of the markets studied 86
Table 5.2: Percent of fish transacted by value chain actors 87
Table 5.3: Grading practices of different species of fishes (on the basis of weight) 88
Table 5.4: Mode of transport used by farmers and intermediaries for movement of small scale aquaculture produces fish 89
Table 5.5: Sources of finance of small scale aquaculture farmers and intermediaries 90
Table 5.6: Sources of market information for value chain actors 91
Table 5.7: Packaging practices of fish marketing in Malda, West Bengal 92
Table 5.8: Pricing methods of market participants 93
Table 5.9: Dominant value chains of small scale aquaculture 96
Table 5.10: Marketing cost incurred by different intermediaries in the supply chain of fish(Rs. / kg of fish) 97
Table 5.11: Price spread of IMCs produced from small scale aquaculture at Englishbazar, Gazole & Gobindapur Market, Malda district, West Bengal (in Rs.) 98
Table 6.1: Allocation on Fisheries Development 103
Table 7.1: Cost and returns for different freshwater aquaculture technologies 119
Table 7.2: Employment generation through small scale rural aquaculture 124
Table 7.3: Livelihood mapping of all stakeholders of small scale rural aquaculture 126
