Acknowledgements

I would like to express my deep sense of gratitude to my supervisor and guide Dr. Jyotsna Kumar Mandal, Professor, Department of Computer Science and Engineering, University of Kalyani, Kalyani for his valuable guidance, advice, supervision, and constant inspiration throughout the period of my research. I am indebted to him for continuous support and encouragement. Without his continuous motivation, inspiration and all kinds of helps, this work would not have been possible to complete my research work.

I express my sincere gratitude to my seniors and colleagues in the Department of Engineering and Technological Studies, University of Kalyani, Kalyani, Dr. Mallika De, Dr. Partha Pratim Sarkar, Dr. Susanta Biswas, Dr. Sanjoy Das, Dr Debasree Chanda(Sarakar) and stuff member for their help and support.

This gives me great pleaser to express my thanks to all teachers and staff members of the Department of Computer Science and Engineering, University of Kalyani, who helped me time to time in many ways during the period of my research.

Obviously, I could not have completed this dissertation without bless and love of my parents Late Ananta Krishna Ghoshal and Mrs Malati Ghoshal and my elder brothers Mr Netai Ghoshal, Mr. Debdas Ghoshal, Mr. Ramprasad Ghoshal and all my family members. I respect my parents and elder brothers. I thank them for their love, their support and encouragement.

I also express my thanks to my father-in-law Mr. Nakul Chandra Paul and mother-in-law Mrs Kalyani Paul and all family members for their help and support throughout the period of my research.

Finally, I like to express my deep love and thankfulness to my wife Sumana. Her patient, love and encouragement have upheld me. I thank her for her love, support, confidence and making me free from all day-by-day household responsibilities. I am also thankful to my little son Ishan for spending sweet moments with me during the period of research work.
