ACKNOWLEDGEMENTS

The candidate expresses his deep sense of gratitude to Dr. Ranajit Sengupta, Reader in Chemistry, University of Kalyani for his constant guidance and for helpful criticism throughout the period of investigation.

The candidate also gratefully acknowledges his gratitude to Prof. S.R. Palit, Professor of Physical Chemistry, Indian Association for the Cultivation of Science; Prof. B.N. Ghose, Retired Professor of Chemistry, University of Calcutta; Dr. H. Nath, Director, Defence Food Research Laboratory, Mysore; Dr. R. Sen, Indian Association for the Cultivation of Science; and to Prof. P. Sengupta, Head, Department of Chemistry, University of Kalyani for their helpful suggestions.

Heartfelt thanks are due to Dr. Asit Guha, Research Officer, I.C.A.R. Milk Scheme, Department of Chemistry, University of Kalyani, and to author's colleagues Mr. Amal Das Gupta and Mr. Dhrubajyoti Bhattacharya for their constant help. Sincere thanks are also due to Dr. Kunal Ghose, Senior Research Fellow, Department of Chemistry, University of Calcutta for his kind assistance.

The candidate is indebted to the University of Kalyani for awarding a scholarship.
