Acknowledgements

I am grateful to Dr. N. S. Sankeshwar, my research supervisor and Professor, Department of Physics, for his constant help, inspiring guidance and persistent encouragement throughout the course of this work. I am also thankful to him for critical reading of the manuscript.

I wish to express my deep sense of gratitude to my beloved teacher Prof. B. G. Mulimani, presently, the Vice Chancellor of BLDE University, Bijapur, for his guidance and suggestions.

I am grateful to Prof. S. S. Kubakaddi for his kind advice and discussions throughout the course of the work. His keen interest in the present work greatly helped me.

I wish to express my deep sense of gratitude to Prof. J. S. Kadadevaramath, chairman and Prof. S. R. Inamdar, former chairman, of department of physics, for his suggestions. I am also thankful to all the faculty members of the Physics department, Karnataka University Dharwad.

I am grateful to Vice-chancellor of Tumkur University, Tumkur for kind help and support. My sincere thanks are due to the Prof. S. C. Sharma, Former Vice-chancellor and Prof. D. Shivalingaiah, Registrar, Tumkur University, Tumkur for encouragement and support. I would like to thank all my colleagues of Tumkur University, University Science and University Arts colleges, Tumkur, who directly or indirectly assisted me during the course of this work.

I would like thank all research students of department of Physics. I thank them for their support and encouragement. My special thanks to Dr. M. D. Kamatagi, S. M. Galagali, A. S. Nissimagoudar, Rizwana Begum K and Sukanya Patil, our research group members, for their help and support.

I would like to thank the University Grants Commission (UGC), New Delhi, for awarding fellowship as Project Associate under Major Research Project.

Finally, I would like to acknowledge the consistent support and encouragement from my mother, father and brother, without their patience this research work would not have been possible.
