A journey is easier when worked together. During the course of my journey called research which resulted in this thesis, I have been accompanied and supported by many people who helped me along this long but fulfilling road. The list of the people I need to thank will not fit to a single Acknowledgement section. I just mention some people whose contribution is obvious.

It has been my pleasure to have the opportunity to carry out my work under the esteemed guidance of Dr.(Mrs) Madhusnata De, Professor, Department of Genetics, Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata. She introduced me to this interesting field of study. Her guidance throughout my journey has uplifted my quality of work and also helped me to develop as an independent researcher. Working with her has been a really learning and wonderful experience. I would like to express my deepest sense of gratitude for her help and advice during the entire course of work.

I consider myself to be lucky to have Dr. Debasish Maji, Professor, Department of Medicine, Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata and Dr.(Mrs) Tapati Maji as my mentors. They have been very supportive and encouraged me in difficult times. No words will be sufficient to express my indebtedness to them for extending me every kindness.

I pay my deep respect to Secretary, Ramakrishna Mission Seva Pratishthan and other monks for their blessings and help on every required aspect.

Financial assistance for my entire course of research has been provided by National Tea Research Foundation (NTRF)-Tea Board of India, Kolkata and Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata, for which I am grateful.

I express my gratitude to all the Professors of Department of Biochemistry, University of Kolkata, for their generous help in various stage of my work.
I am grateful to Dr. Sutapa Das, Senior Medical Officer, Department of Medicine, Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata, for giving me ideas and necessary help for the execution of my thesis.

It has been my proud privilege to work under Dr. Samar Banerjee, Professor, Department of Medicine, Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata.

I am grateful to Dr. Baidyanath Pal, Associate Scientist, Biological Anthropology Unit, Indian Statistical Institute, Kolkata, for his generous help and guidance in my statistical analysis.

I am express my ragards to Late Dr. Tuhinadri Sen, Professor, Department of Pharmaceutical Technology, Jadavpur University, Kolkata, for giving me ideas and help whenever required.

I am thankful to Dr. Tarit Roychowdhury, Associate Professor, School of Environmental Studies, Jadavpur University, Kolkata, for his valuable suggestions and help.

I am thankful to Dr. Sandip Kumar Bandopadhyay, Professor, Department of Biochemistry, KPC Medical College and Hospital, Jadavpur, Kolkata, for giving me an opportunity to work in his laboratory.

I am indeed to Dr. Jayashree Banerjee, ex-Professor, Department of Genetics and Dr. Ajanta Halder, Assistant Professor, Department of Genetics, Vivekananda Institute of Medical Sciences, Ramakrishna Mission Seva Pratishthan, Kolkata, for giving me ideas.

I consider myself to be lucky to have a lab mate Mrs. Priyanka Biswas for her unconditional support and assistance.

I also want to thank my seniors Dr. Tulika Chakraborty, Dr. Auley De, Dr. Gargi Podder, Aniket Adhikari and my colleagues Dr. Amit Chakraborty, Sohini Chakrabarty, Babuji Santra for providing me a suitable work environment.

I am thankful to Mr. Bikash Barik for his help in OPD.

This episode of acknowledgement would not be completed without mentioning the names of my special friends Rajesh Singh, Dr. Krishnendu Manna, Kankana Das, for making this journey
smooth and joyful. I also want to thank Debjyoti Paul, Sourav Jana, Sriparna Chakraborty, for their valuable contribution to complete this path successfully.

Where would I be without my family? My Parents deserve special mention for their love, support and understanding during the long years of my education. I convey my sincere acknowledgement to my parents Mr. Asish Kumar Ghosh and Mrs. Rama Ghosh for their earnest support throughout my research work. I am also thankful to my aunties, uncles and cousins for their continuous support.

Above all, I believe that the blessing of Thakur Shri Ramakrishna and Maa Sarada has given me the strength to achieve my goal.

(ARUNIMA GHOSH)

Research is to see what everybody else has seen, and to think what nobody else has thought

-Albert Szent-Gyorgyi
