ACKNOWLEDGEMENT

It is a dream coming true that I am on the verge of submission of my Ph.D Thesis. Indeed it fills my heart with joy unspeakable to express my greatest sense of gratitude to Dr. A.K. Somchoudhury, Professor of Agricultural Entomology, Faculty of Agriculture, Bidhan Chandra Krishi Viswavidyalaya and Dr. Dilip Bhattacharya, Reader, Department of Zoology, University of Kalyani for their active allegiance staunchest support and meticulous dedication during the course of rummage and constructive criticism in finishing the manuscript.

I, with immense sense of gratitude, avail myself of this rare privilege of offering my respect and indebtedness to Dr. S.K. Gupta, D.Sc., Eminent Scientist and Former Joint Director, Zoological Survey of India, Kolkata for his oft extended altruistic assistance and prudential proposition.

I am excessively indebted to the Head of the Department of Zoology, University of Kalyani and Head of the Department of Agricultural Entomology, Bidhan Chandra Krishi Viswavidyalaya for incessant incentive to give birth something unprecedented in Entomology as a scientist across the length and breadth of my academic career. I am also grateful to all the teachers of the Department of Zoology, University of Kalyani as well as Department of Agricultural Entomology, Bidhan Chandra Krishi Viswavidyalaya for their titanic help and energetic encouragement they have extended off and anon during the course of investigation.

De, facto, I am highly grateful to Dr. S. Chakraborty, Professor, Department of Zoology, University of Kalyani, Dr. A.K. Mukherjee, Professor, Department of Agricultural Economics and Dr. P. K. Sarkar, Reader, Department of Agricultural Entomology, Bidhan Chandra Krishi Viswavidyalaya for their whole hearted cooperation during the course of investigation.
It is my immense desire to reveal my gratitude and endless regards to Late Dr. (Mrs.) M. Somchoudhury for her help, cooperation, encouragement and inspiration during my association with her while she was alive.

I express my heartful thanks to Dr. Pradip Dey for his helpful cooperation during the course of analysis. Indeed no word is sufficient for expressing my deepest sense of gratitude to him.

I am very much grateful to the Managers of Karbal-la and Debpara Tea Estate of Dooars, Caselton Tea Estate of Kurseong and various Tea Estates of Kalimpong for providing all kind of help and facilities during the of investigation.

My gratefulness also goes to Dr. J. Tarapdar, Dr. K. Karmakar, Dr. A. Samanta, Dr. K. Saha, Mr. S. Chatterjee, Dr. (Mrs.) S. Sengupta, Dr. (Mrs.) S. Chakaraborty, Dr. D. Pal, Mr. P. Saha, Mr. M. Rahaman and all the Research Scholars of Department of Zoology, University of Kalyani. I am also grateful to Mr. M. Lodh, other friends and well wishers, who helped me to carry the investigation.

I also offer my gratitude to Mr. V.K. Gupta of M/S Computer Centre, Kalyani, Nadia, for his sincere service in printing this manuscript neatly and quickly.

Lastly, I also express my indebtedness to my husband Dr. G. Saha, my parents, brothers, sisters in law, father in law, mother in law and other family members for their constant inspiration and encouragement which made it possible to complete the Research investigation. My special gratefulness goes to my beloved son Master Turjoy Saha, who gives me the instigation to work and achieve something with smiling face and never obstructed in working.

Dated, Kalyani
The 12th Feb., 2002
