ACKNOWLEDGEMENT

I am deeply indebted to my teacher Prof. G.K. Manna, D. Phil., P. R. S., D. Sc., P. N. A. Sc., F. N. A., F. A. Sc., Professor of Zoology and National Fellow, Department of Zoology, University of Kalyani, for suggesting the problem and giving constant guidance throughout the course of my investigation in his laboratory.

I am grateful to Prof. A.K. Bose, Head of the Department of Zoology for rendering the Departmental facilities for the work.

Grateful acknowledgements are made to the University Grants Commission for awarding me a Teacher Fellowship for the work, to the Principal and the Governing Body of A.C. College, Jalpaiguri for granting me necessary leave for absence from the college and to all my research colleagues of our laboratory and that of the Department like Mr. Pranab Kumar Mukherjee, Dr. C.R. Sahoo, Mr. Subrata Day, Mr. Ram Chandra Som, Miss Mira Day and Mr. Partha Pratim Roy also Mr. Sadanada Sarker, Dr. D.K. Hore and Mr. Somnath Lahiri for helping me in various ways.

I gratefully remember the encouragement and help that I received in different ways from Dr. C.C. Sanyal and Dr. A. Sen of Jalpaiguri, Dr. K. Chatterjee of North Eastern Hill University and from my wife Mrs. Sanchita Barik.
