No.

Dated 07 April 2006

Dr. Kamalendu Dey

M.Sc., Ph.D., D.Phil., F.A.Sc.T., M.N.A.Sc.

Professor of Chemistry (Retired)

&

Dr. Bijali Bikash Bhaumik

M.Sc., Ph.D.

Reader in Chemistry

This is to certify that **Sri Saikat Sarkar**, M.Sc., has been working under our joint supervision since June 2002 (first as a University Research Scholar. JRF for two years and then as a part-time research scholar). Prior to this Sri Sarkar worked under one of us (Prof. K. Dey) from January 2001 to June 2002 as an honorary research scholar. We are forwarding his thesis entitled "**Metal complexes of ligands derived by the condensation of 3-formylsalicylic acid with polyamines and related ligands**" being submitted for Ph.D. (Science) degree of this University. We recommend that he has fulfilled all the requirements according to the rules of this University regarding the work embodied in this thesis.
