Acknowledgement

I would like to express my profound gratitude towards my Guide Dr. Balasaheb M. Patre, Professor of Instrumentation Engineering, for introducing me to the concept of fuzzy sliding mode control for uncertain nonlinear systems and providing invaluable guidance and encouragement during my research work. It has been a great honor and privilege to work under his supervision.

I take this opportunity to thank Dr. L. M. Waghmare, Director, Shri Guru Gobind Singhji Institute of Engineering and Technology, Nanded, for facilitating institutional laboratories and resources. I am sure, his vision will lead this institute to a top most position in the field of Engineering and Technology. I am also thankful of Dr. R. S. Holambe, Head of Department for his constant encouragements.

I am very much thankful to our Management of Mahatma Basaveshwar Education Society's, College of Engineering Ambajogai. Also, my sincere thanks to Dr. B. I. Khadakkhavi, Principal, COEA, Ambajogai for his inspiration and moral support.

I convey my gratitude to the learned faculty members of SGGS I. E.& T., Nanded, namely, Dr. S. G. Kahalekar, Dr. V. G. Asutkar, Dr. S. T. Hamde, Dr. R. H. Chile, Dr. Mrs. R. V. Sarvadnya, Dr. Mrs. V. R. Thool and Prof. R. G. Jamkar for their interactions and inspirations that explored my knowledge.

I would thank faculty friends of my Department in COEA; Prof. V. V. Yerigeri, Head, Dr. Veeresh G.K. Dean (P.G), colleagues and staff members of my institute for their kind support extended to me during course of work.

The friends I got in the past few years in SGGS I. E. & T. has also been an important part in focusing me in my research and otherwise too. Dr. R. J. Bhiwani, Dr. G. M. Malwatkar, Dr. R.D. Kokate, Mr. R. K. Kanhe, Mr. A. A. Khandekar, Mr. V. D. Hajare Mr. R.K. Munje and Mr. M. R. Bongulwar have provided me valuable advice during all stages of my work. I acknowledge the constructive criticism and valuable inputs from Dr. B. B. Musmade, Dr. D. K. Maghade, Mr. B. J. Parvat, and many more during the course of work. I am grateful for their kind and timely help.

Special thanks to my friends Mr. N. A Rawbawale, Dr. B.M. Patil, Dr. Bhushan Patil, Mr. Amol Dhonde. I also extend my sincere thanks to Jayant Parkhe, Pandurang Londhe, Giri Sachin and Umesh Pikle for their kind hospitality and cooperation during my stay in the campus.

I take this opportunity to express my deep sense of gratitude towards my teachers. My present status of knowledge is largely due to them.

I owe my deepest gratitude to my parents and family members for their continuous inspiration and motivation throughout my life. I express gratitude and admiration to my sister, brother-in-law and my mother-in-law for their unconditional love and several
cheerful sacrifices for my success.
My wife Savitri and children Gouri, Santrupti and Basavesh provided me love and emotional support throughout the work of this thesis in-spite of the fact that they missed me considerably and shared the immense burden of my transformation of the Ph. D. process. I would like to record a high appreciation for them.
