With all respect, it is my pleasant privilege to thank Dr. M.M. SenthamilSelvi, Principal, Government Arts College, Ariyalur, affiliated to Bharathidasan University, Trichy, for extending his support and blessings.

I am deeply grateful to Prof. S. Sagayaraj, Head, PG & Research Department of Computer Science, Government Arts College, Ariyalur, affiliated to Bharathidasan University, Trichy, for his encouragement and support.

Words are inadequate to express my deep sense of gratitude, indebtedness and sincere regards to Dr. M. Prabakaran, Research Advisor, Assistant Professor, PG and Research Department of Computer Science, Government Arts College, Ariyalur, affiliated to Bharathidasan University, Trichy, for his dynamism in suggesting the problem, valuable guidance, constant encouragement, benevolent help and plentiful support throughout the research work. I am especially indebted to express by sincere gratitude to my Doctoral Committee Members Dr. K. Dinakaran and Dr. S. Hemalatha, for the all guidance and help that they have provided throughout this research. I have abundantly received much help from them and without them I would not have been able to accomplish this work in the stipulated time-slot.
I thank all the Computer Science Department faculty members, Laboratory staffs, Office staffs and the students of Government Arts College, Ariyalur, for their help and cooperation.

I am grateful to several distinguished persons, many of whom would like to remain anonymous. They include my friends and well wishers who have been encouraging me time to time by volunteering their valuable advice, criticism, comments and experience sharing. My special thanks to all of them.

Above all, I owe more than I could express my immense depth of gratitude, to my wife Mrs. N. Maharani and to my dear children M.N. Keerthana, N. Kirthika and M.N. Kavin for their loving gestures, moral support, love and understanding.
