

Table 7.3 Statistical parameters of soil samples at Amrabad area in reconnaissance Survey	127
Table 7.4 Statistical parameters of rock samples at Amrabad area in reconnaissance Survey	127
Table 7.5 Statistical parameters of rock samples at Chitrial area in detailed survey	128
Table 7.6 Statistical parameters of soil samples at Chitrial area in detailed survey	128

## **LIST FIGURES**

Fig 1.1 Location of Chitrial and Amrabad in Srisailam Basin belonging to Cuddapah formation	3
Fig 1.2 Uranium occurrences in the world	10
Fig 1.3 Uranium occurrences in India	18
Fig 4.1 Proterozoic basins of India	44
Fig 4.2 Location map of Chitrial & Amrabad areas	48
Fig 4.3 Rock formation at unconformity mineralized zone	52
Fig 4.4 Geological map of Srisailam sub basin	52
Fig 4.5 Geological and structural features of Chitrial platue	53
Fig 4.6 Kankar formation between quartzite and weathered granite	57
Fig 4.7 Quartz veins in Amrabad granite	57
Fig 4.8- 4.13 Field Photographs	59
Fig 4.14-4.27 Microscopic Photos	65
Fig 5.1 Litho & Pedogeochemical sampling at Chitrial of reconnaissance survey	69
Fig 5.2 General Soil profile	74
Fig 5.3 Soil profile in Chitrial	74
Fig 5.4 Lithogeochemical sampling of Quartzite	77
Fig 5.5 Sieving -80 mesh size soil sample collection	77
Fig 5.6 Pounding and Sieving the soil and termite mound samples in the field camp.	77
Fig 5.7 Conning and quartering termite samples for homogenizing soil samples	77
Fig 5.8 Grid pattern lay out - Rock and Soil samples at Chitrial area of Detailed Survey	79

Fig 6.1- 6.26 Scatter Plots	100-111
Fig 7.1-7.10 Concentration maps of Chitrial in Reconnaissance survey	129-137
Fig 7.11-7.20 Concentration maps of Amrabad in Reconnaissance survey	143-151
Fig 7.21-7.30 Concentration maps of Chitrial in Detailed survey	158-162
Fig 7.31-7.33 Critical ratio maps	165
Fig 7.34-7.35 Concentration maps of pH& EC	166
