Acknowledgements

First of all, I am thankful, Almighty to Allah for being always there to guide and showing me the right path. I would like to express my sincere gratitude to my advisor, Prof. (Dr.) G. Mohiuddin Bhat, Dean Faculty of Applied Science Technology University of Kashmir for giving me the opportunity to work on this exciting research and for his faith, guidance, and endless support throughout the course of my Ph.D. research. Thanks to his mentoring, he has constantly pushed me to become a better researcher. I benefited from his guidance in every aspect during my Ph.D. study.

I express my profound regards and thanks to the Department of Electronics & Instrumentation Technology, University of Kashmir, Dr. M. Tariq Banday, Dr. Farooq Ahmad Khanday, Dr. Shabir Ahmad Parah, Dr. Javid Ahmad Shaikh for their suggestions and encouragement. Very special thanks to all the technical and ministerial staff members of my department for their valuable support and cooperation.

Indeed, the words at my command are not adequate, either in the form of spirit or thought, to convey the depth of my feelings of gratitude other research scholars of the Department of Electronics & Instrumentation Technology, University of Kashmir.

Lastly, it has been them magnanimity of my parents (Gh Mohiuddin & Hajra Bagum), Wife Romana Jan, My son Imaad, Sister’s (Aabida Jan & Suraya Jan), Brother’s (Quasir Ahmad & S umir Ahmad), nephew Anjum Irfan and niece Arbin Jan, who offered ceaseless concern, unstinted support, and co-operation throughout the research. They provided me decisive and energetic support during the write-upstage, clearing the path towards thesis completion in their solution-oriented way.

Above all, thanks again to Almighty for bestowing me the courage and patience throughout my life and hope His blessing will always shower me in future also.
